

Blum Revego Uno – Pocket Profile Set – NL 500mm – Right Hand

Variant code: 801P500E.R3

Unlock Seamless Design with the Blum Revego Uno Pocket Profile Set – Right Hand (NL500mm)

Elevate your interior design with the innovative **Blum Revego Uno Pocket Profile Set**. This high-quality, **right-hand** configuration is designed to effortlessly conceal single doors weighing up to 50 kg within a wall cavity, creating a clean, handle-free aesthetic and maximizing usable space. Perfect for **kitchens, living areas, bathrooms, and office spaces**, the Revego Uno offers a sophisticated solution for achieving a minimalist and contemporary look.

This particular set is designed for a **nominal length (NL) of 500mm**, ensuring a precise and secure fit for your specific door dimensions. The **pocket door system** allows the entire door leaf to disappear smoothly and quietly into the wall, eliminating swing space and improving room flow.

Key Features and Benefits:

- **Space-Saving Solution:** Reclaim valuable floor space by concealing doors when open. Ideal for smaller rooms or high-traffic areas.
- **Minimalist Design:** Achieve a sleek, handle-less appearance that complements modern interior styles.
- **Effortless Operation:** The sophisticated **Blum technology** ensures smooth, quiet, and reliable opening and closing of the door.
- **Right-Hand Configuration:** Specifically designed for right-hand opening doors, ensuring correct installation and functionality.
- **Optimal Niche Width (NL500mm):** Precisely engineered for a 500mm niche width, guaranteeing a perfect fit and optimal performance.
- **High-Quality Blum Hardware:** Built with durable and robust materials, ensuring long-lasting reliability and smooth operation.
- **Easy Installation:** While professional installation is recommended, the system

is designed with ease of assembly in mind.

- **Versatile Application:** Suitable for various door materials, including wood, glass (with appropriate framing), and metal.
- **Enhanced Functionality:** Creates a seamless transition between rooms when the door is open and provides privacy when closed.
