

Brass Ball Race Butt Hinge 76.2mm x 50mm – Antique Brass

Variant code: 1510.AB

Brass Ball Race Butt Hinge 76.2mm x 50mm – Antique Brass

Introducing the ultimate choice for both professional tradespeople and dedicated DIYers: the **Brass Ball Race Butt Hinge 76.2mm x 50mm – Antique Brass**. This hinge is more than just a functional component; it's a blend of robust engineering, timeless aesthetics, and superior performance, designed to elevate any project.

Unmatched Durability & Smooth Operation:

Crafted from solid brass, this hinge is built to last. The stunning antique brass finish not only provides a classic, sophisticated look but also offers exceptional resistance to corrosion and tarnishing, ensuring your doors maintain their beauty for years to come. The true star of this hinge, however, is the innovative **ball race bearing**. This precision-engineered mechanism reduces friction to an absolute minimum, allowing for an incredibly smooth, silent, and effortless swing on your doors. Say goodbye to creaking hinges and hello to a seamless opening and closing experience.

Versatile for Professionals and Enthusiasts Alike:

Whether you're a professional **joiner** crafting bespoke cabinetry, a **carpenter** hanging a new internal door, or a business seeking high-quality hardware for a commercial fit-out, this hinge is the perfect solution. Its robust construction can handle the rigors of frequent use in both residential and commercial settings. For the **productive DIYer**, this hinge offers a professional-grade upgrade to home improvement projects, from replacing old door hardware to building new furniture.

Key Features:

- **Premium Quality:** Made from solid brass for maximum strength and longevity.
- **Antique Brass Finish:** A classic, elegant look that complements a wide range of

interior styles, from traditional to modern.

- **Ball Race Bearing Technology:** Ensures smooth, silent, and effortless door operation.
- **Optimal Size:** The 76.2mm (3 inch) x 50mm dimensions are a standard and versatile size, suitable for most residential and light commercial doors.
- **Heavy-Duty Performance:** Built to withstand frequent use in both professional and home environments.
- **Easy Installation:** Designed for straightforward fitting by professionals and DIYers alike.
- **Corrosion-Resistant:** The antique brass finish protects against rust and tarnishing.
- **Versatile Applications:** Ideal for interior doors, cabinetry, gates, and bespoke furniture projects.
- **Professional Grade Hardware:** The preferred choice for joiners, carpenters, builders, and architects.
- **DIY Friendly:** Perfect for home renovation, furniture making, and hardware upgrades.
