

Bulb End Casement Stay Satin Chrome – 305mm Overall Length – Polished Chrome

Variant code: WF12B.CP

Introducing the **Bulb End Casement Stay**, a beautifully crafted and highly functional addition to any home. This satin chrome casement stay, with its elegant and timeless design, offers a perfect blend of style, security, and ease of use.

Key Features:

- **Premium Quality & Durability:** Made from high-grade solid brass, this casement stay is built to last. The stunning satin chrome finish is not just for looks; it's highly resistant to corrosion, tarnishing, and wear, ensuring your window hardware remains as good as new for years to come.
- **Optimal Dimensions:** With an overall length of **305mm (12 inches)**, it provides the perfect reach and leverage for opening and securing your casement windows. The arm is designed for smooth operation, allowing you to easily adjust your window to your desired ventilation level.
- **Stylish "Bulb End" Design:** The distinctive "bulb end" on the stay adds a touch of classic sophistication. This unique feature, combined with the polished chrome finish on the stay, creates a stunning visual contrast that will elevate the look of both traditional and contemporary interiors.
- **Enhanced Security:** This casement stay securely holds your window in place, providing peace of mind and acting as a robust deterrent against intruders. Its solid construction ensures a firm, reliable lock.
- **Easy to Install:** The product comes complete with all the necessary fixing screws, making installation a straightforward process for both DIY enthusiasts and professional fitters.
- **Versatile Application:** Whether you're upgrading your sash windows, casement windows, or replacing old, worn-out hardware, this stay is a perfect fit. Its universal design complements a wide

range of window styles.

Why Choose Our Bulb End Casement Stay?

Our product is more than just a piece of hardware; it's an investment in your home's aesthetics and security. The polished chrome finish is a testament to quality craftsmanship, while the satin chrome provides a modern, subtle sheen. The clever design ensures smooth and silent operation, and its durable construction means you won't have to worry about replacements for a long time.

Perfect for both new installations and historical restorations, this **Bulb End Casement Stay** combines beautiful design with exceptional functionality. Order yours today and experience the perfect blend of style, security, and reliability.
