

Button-fix™– Type 2 – Compact Drop-down Bracket only – Pack of 100

Variant code: 171-040-2

The **Button-fix™ Type 2 Compact Drop-Down Bracket (Fix Only)** is a professional concealed fixing component designed for removable panels that require a secure **drop-down engagement**. Supplied as a **pack of 100 brackets**, this compact fixing provides an invisible mounting solution while allowing panels to be quickly lifted off for maintenance and securely reinstalled with a simple downward movement.

Its compact footprint makes it ideal for installations where space is limited, while the engineered drop-down action delivers a firm, rattle-free connection for removable access panels, architectural cladding and modular furniture. Manufactured from high-strength engineering polymer, the bracket offers outstanding durability and can be installed using screws, rivets or suitable adhesives depending on the application. Compatible **Button-fix™ Buttons** are sold separately to complete the fixing system.

Ideal for professional joinery, commercial fit-outs and exhibition installations, the Button-fix™ Type 2 Compact Drop-Down Bracket combines concealed fixing with quick panel access and reliable long-term performance.

Product Features

- Genuine Button-fix™ Type 2 Compact Drop-Down Bracket
- Supplied as a pack of 100
- Bracket (Fix) component only
- Compact design for space-saving installations
- Drop-down lift-off panel engagement
- Completely concealed fixing once installed
- Manufactured from high-strength engineering polymer
- Suitable for screw, rivet or adhesive fixing
- Provides a secure, rattle-free connection
- Compatible with Button-fix™ Buttons (sold separately)
- Suitable for repeated panel removal and refitting

Product Benefits

- Provides a completely hidden fixing for a clean, professional appearance
- Drop-down action allows quick panel removal for maintenance and service access
- Compact size is ideal where installation space is restricted
- Delivers a secure, stable and rattle-free panel connection
- Suitable for removable architectural and furniture panels
- Can be fixed using screws, rivets or suitable adhesives for installation flexibility
- Durable engineering polymer offers reliable long-term performance
- Bulk pack of 100 is ideal for commercial projects and production environments

Technical Characteristics

- Product Type: Concealed Panel Fix Bracket
- System: Button-fix™ Type 2 Compact
- Component: Drop-Down Bracket (Fix Only)
- Pack Quantity: 100
- Engagement: Drop-Down (Lift-Off / Lift-Up)
- Material: High-Strength Engineering Polymer
- Installation: Screw, Rivet or Adhesive Fixing
- Compatible With: Button-fix™ Buttons (Sold Separately)
- Application: Concealed Removable Panel Fixing
- Manufacturer: Button-fix™

Applications

The **Button-fix™ Type 2 Compact Drop-Down Bracket** is ideal for **removable access panels, HVAC panels, plumbing and electrical service panels, architectural wall cladding, ceiling panels, modular furniture, exhibition stands, retail displays, shopfitting and bespoke joinery**. When paired with compatible **Button-fix™ Buttons**, it provides a strong, concealed and easily removable fixing solution wherever secure panel retention and convenient maintenance access are required.
