Blum Legrabox Drawer Side - 'K' Height (128.5mm) - Orion Grey - Left Hand 400mm

Variant code: 770K4002SOGLH

Blum LEGRABOX Drawer Side - K Height (128.5mm) - Orion Grey is designed to form part of the LEGRABOX drawer system, delivering **refined aesthetics**, **structural stability** and **precise alignment** in modern cabinetry applications. As part of Blum's premium drawer platform, it supports a clean, straight-line design while ensuring consistent performance across a wide range of drawer configurations.

The **K height (128.5mm)** provides a mid-height drawer side configuration, offering increased capacity compared to shallow drawer options while maintaining a **slim and contemporary profile**. Engineered to integrate seamlessly with LEGRABOX runners and back panels, it contributes to **stable drawer construction** and **smooth, controlled operation**.

Finished in **Orion Grey**, the drawer side complements modern cabinetry schemes and ensures a cohesive appearance across all drawer components. Available in multiple **nominal lengths**, it allows specification to suit various cabinet depths while maintaining system consistency and performance.

Product Features

- Designed for **Blum LEGRABOX drawer systems**
- **K height (128.5mm)** for versatile drawer applications
- Slim drawer side profile for **modern, straight-line design**
- Supports **stable and rigid drawer construction**
- Finished in **Orion Grey**
- Available in multiple **nominal lengths**

Product Benefits

- Provides **balanced drawer capacity and design flexibility**
- Supports **clean, minimalist cabinetry aesthetics**
- Ensures **stable and consistent drawer**

performance
- Enables **precise alignment and uniform reveals**
- Allows specification across a range of cabinet sizes
- Suitable for **residential and commercial furniture applications**

Technical Characteristics

- Requires pairing with **Blum LEGRABOX runners and components**
- Designed for integration with drawer base and back systems
- Nominal length must match runner and cabinet depth
- Supports accurate assembly and adjustment during installation
- Compatible with full extension runner configurations
- Engineered for durability and long-term performance

Applications

This drawer side is suitable for **kitchen cabinetry, wardrobes, storage units and fitted furniture** where a mid-height drawer configuration is required. The **K height (128.5mm)** makes it ideal for general-purpose drawers, offering a balance between capacity and accessibility. Available in multiple **nominal lengths**, it can be specified across a wide range of cabinet sizes while maintaining a consistent and modern LEGRABOX design.
