

Continuous Hinge – 1829mm x 38mm x 1.5mm – c/w Inline Holes – Grade 304 Stainless Steel

Variant code: 6406.SS

Premium 1829mm Grade 304 Stainless Steel Continuous Hinge – Durable & Corrosion-Resistant

Improve your projects with the ultimate in strength and smooth operation! Our 1829mm x 38mm x 1.5mm Continuous Hinge, expertly crafted from **premium Grade 304 Stainless Steel**, offers unparalleled **durability** and **corrosion resistance** for a vast array of applications. Also known as a **piano hinge** due to its extended length, this **long-lasting hinge** provides continuous support across the entire length of your door, lid, or panel, ensuring exceptional stability and a seamless aesthetic.

Designed for demanding environments, the **Grade 304 Stainless Steel construction** makes this hinge ideal for both **indoor and outdoor use**, resisting rust and degradation even in humid or coastal conditions. Whether you need a **heavy-duty hinge** for industrial enclosures, a **reliable marine-grade hinge** for boat compartments, or a **secure hinge** for commercial cabinetry, this product delivers **superior performance** and **longevity**.

Precision-engineered with **inline holes**, installation is straightforward and efficient, allowing for a **flush fit** and robust attachment. The consistent 1.5mm thickness provides ample strength without adding unnecessary bulk, making it a versatile choice for everything from **large cabinet doors** and **storage chests** to **access panels** and **toolboxes**.

Key Features & Benefits:

- **Exceptional Durability:** Constructed from **high-grade 304 stainless steel**, providing superb strength and resilience against wear and tear.
- **Superior Corrosion Resistance:** Ideal for challenging environments, resisting rust and ensuring a long service life.

- **Smooth & Consistent Operation:** Continuous design offers uniform support, preventing warping and ensuring fluid movement.
- **Optimal Dimensions:** Measuring **1829mm (6 feet) in length**, 38mm in width, and 1.5mm thick, perfect for a wide range of extended applications.
- **Easy Installation:** Pre-drilled **inline holes** facilitate quick and secure mounting.
- **Versatile Applications:** Perfect as a **door hinge, cabinet hinge, piano hinge, panel hinge**, or for various **industrial and marine uses**.
- **Secure & Stable:** Provides continuous support along the entire edge, enhancing security and structural integrity.
- **Aesthetic Appeal:** The sleek stainless steel finish offers a clean, professional look.

Invest in a hinge that stands the test of time. Our **Grade 304 Stainless Steel Continuous Hinge** is the **reliable choice** for projects demanding **strength, security, and lasting quality**.
