

Contract Double Action Spring Hinge 6" – for door thickness – 35–40mm – up to 40kg – Matt Black

Variant code: DAS.150.BK

Effortless Bi-Directional Door Swing for Commercial & High-Traffic Areas

Experience superior functionality and a sleek, modern aesthetic with our 6-inch Contract Double Action Spring Hinge in Matt Black. Engineered for demanding environments, this robust hinge provides seamless bi-directional door swing, making it the ideal solution for commercial properties, public buildings, and any high-traffic area requiring unrestricted access.

Key Features & Benefits:

- **Double Action Functionality:** Allows doors to swing open in both directions, providing convenient and efficient passage in busy settings. Perfect for kitchens, service entrances, and areas where quick movement is essential.
- **Heavy-Duty Performance:** Designed to support doors weighing up to 40kg, ensuring reliable and long-lasting operation even with frequent use. Built to withstand the rigours of commercial applications.
- **Optimal Door Thickness Compatibility:** Specifically engineered for doors with a thickness ranging from 35mm to 40mm, guaranteeing a secure and flush fit for a wide range of standard interior doors.
- **Durable Matt Black Finish:** The contemporary matt black coating not only adds a sophisticated touch to your doors but also offers enhanced resistance to corrosion, scratches, and everyday wear and tear, maintaining its pristine appearance over time.
- **Self-Closing Mechanism:** Integrated spring mechanism ensures doors

automatically return to a closed position, improving energy efficiency, maintaining privacy, and reducing drafts.

- **Contract Grade Reliability:** Manufactured to exacting standards for commercial and heavy-duty use, offering exceptional durability and performance that you can depend on.
- **Easy Installation:** Designed for straightforward fitting, allowing for quick and efficient installation on new or existing door frames.

Ideal For:

- **Commercial Kitchens:** Facilitates smooth movement of staff and trolleys.
- **Restaurants & Bars:** Enhances flow between dining areas and service stations.
- **Hospitals & Clinics:** Provides easy access for patients, staff, and medical equipment.
- **Retail Stores:** Improves customer accessibility and operational efficiency.
- **Public Buildings:** Ensures convenient and safe passage for large volumes of people.
- **Warehouses & Factories:** Supports heavy-duty doors in industrial settings.

Upgrade your doors with the ultimate combination of style, functionality, and durability. Choose the Contract Double Action Spring Hinge 6" in Matt Black for a professional and efficient solution.
