Fantom Door Stop – Chrome: The Ultimate Blend of Style and Functionality

Tired of traditional door stops that are an eyesore and a tripping hazard? Introducing the revolutionary Fantom Door Stop in sleek Chrome – a sophisticated and innovative solution designed to seamlessly blend into any modern interior while providing unparalleled door control. This isn't just a door stop; it's a statement of contemporary design and intelligent engineering.

Experience Unrivalled Design & Discretion

The Fantom Door Stop stands apart with its minimalist, flush-mounted design. When not in use, it virtually disappears into your floor, eliminating bulky projections and creating a clean, unobstructed aesthetic. Crafted from high-quality, durable materials and finished in a radiant chrome, it offers a touch of polished elegance that complements any decor, from minimalist to industrial. This discreet yet powerful door holder is perfect for homes, offices, and commercial spaces seeking a refined and practical solution.

Innovative Magnetic Holding Power

At the heart of the Fantom Door Stop's brilliance is its powerful, concealed magnetic mechanism. As your door approaches the stop, a strong magnetic connection engages, securely holding the door open at your desired position. This innovative feature provides reliable and consistent door control, preventing unwanted slams and protecting your walls and furniture from damage. Releasing the door is just as effortless – a gentle pull is all it takes.

Effortless Installation & Universal Compatibility

Designed for easy integration, the Fantom Door Stop can be installed on virtually any floor surface, including timber, tiles, concrete, and carpet. Its clever design accommodates various door types and thicknesses, making it a versatile choice for a wide range of applications. With clear instructions and a straightforward installation process, you'll be enjoying the benefits of this premium door stop in

no time.
