

Flush Bolt 110mm – Satin Brass

Variant code: FB110S.F

Flush Bolt 110mm – Satin Brass: Seamless Security & Elegant Design

Elevate your door security and enhance the aesthetic appeal of your living or working space with our premium Flush Bolt 110mm in a stunning Satin Brass finish. This meticulously crafted flush bolt offers a perfect blend of discreet security, effortless functionality, and sophisticated style, making it an ideal choice for a wide range of doors, from residential interiors to commercial applications.

Unobtrusive Security, Uncompromised Strength:

Designed for seamless integration, this 110mm flush bolt installs flush with the edge of your door, providing a sleek and unobtrusive appearance when not in use. Despite its discreet profile, it boasts robust construction, manufactured from high-quality materials to deliver reliable and long-lasting security. Ideal for securing the inactive leaf of French doors, double doors, or any door where a hidden locking mechanism is desired, it ensures your property remains safe and secure.

Key Features & Benefits:

- **Premium Satin Brass Finish:** The elegant satin brass finish offers a warm, inviting, and sophisticated look that complements a variety of interior design styles, from traditional to contemporary. This durable finish is resistant to tarnishing and corrosion, maintaining its beauty for years to come.
- **Optimal 110mm Length:** Perfectly sized for standard door applications, providing ample throw for secure locking without being excessively long or short.
- **Flush Mount Design:** Sits flush with the door edge, creating a clean, seamless, and aesthetically pleasing appearance. No protruding parts to snag or detract from your door's design.
- **Durable Construction:** Expertly engineered from solid materials for exceptional strength, durability, and

resistance to wear and tear. Built to withstand daily use in both residential and commercial environments.

- **Smooth & Reliable Operation:** Features a precision-engineered mechanism that ensures smooth, quiet, and effortless engagement and disengagement.
- **Versatile Application:** Ideal for securing the passive leaf of double doors, French doors, bifold doors, or any door requiring a discreet secondary locking point. Suitable for both wooden and composite doors.
- **Easy Installation:** Designed for straightforward installation with standard tools (fixings typically sold separately).
- **Enhanced Security:** Provides an additional layer of security against forced entry, offering peace of mind for your home or business.
- **Corrosion Resistant:** The satin brass finish offers excellent resistance to rust and corrosion, making it suitable for various indoor environments.

Perfect for:

- French Doors
- Double Doors
- Bifold Doors
- Cupboard Doors
- Wardrobe Doors
- Residential Properties
- Commercial Spaces
- Hotels & Hospitality
- Office Buildings

Invest in the Flush Bolt 110mm – Satin Brass for a touch of timeless elegance and unwavering security that enhances the value and safety of

your property.
