

Finger Plate engraved PUSH, 650 x 75mm – Satin Stainless Steel

Variant code: ZAS30RD.SS

The **Finger Plate Engraved "PUSH"** is a premium door protection plate designed to reduce wear and tear on frequently used doors while providing clear directional guidance. Measuring **650 x 75mm**, this stylish finger plate features a precision engraved **"PUSH"** message, making it ideal for commercial, public and residential environments where clear door operation is essential.

Manufactured from **Grade 304 stainless steel** with a high-quality **Satin Stainless Steel (SSS)** finish, the finger plate offers outstanding corrosion resistance and long-lasting durability. The contemporary satin finish complements modern architectural ironmongery, while the plate is supplied complete with **wood screws** for quick and secure installation onto timber doors.

Ideal for new-build developments, refurbishment projects and high-traffic areas, the Finger Plate Engraved "PUSH" provides an attractive, low-maintenance solution for protecting door surfaces while enhancing building safety and functionality.
