

Fire & Smoke Brush Seal (15mm x 4mm – D x 2100mm) – Black

Variant code: LP1504.SS.2100.BK

Premium Fire & Smoke Brush Seal – Black (15mm x 4mm x 2100mm) – Ultimate Draught, Dust, and Sound Protection

Maximise your safety and style with our **premium-grade Fire & Smoke Brush Seal in sleek black**. Engineered for **superior performance and maximum safety**, this essential seal provides an **unbeatable barrier** against the ingress of smoke, fire, draughts, dust, and even unwanted noise. Measuring a convenient **15mm deep by 4mm wide** with a substantial **2100mm (2.1 meter) length**, this versatile brush seal is designed for a multitude of applications, ensuring a **snug and effective fit** for your residential or commercial needs.

Key Features & Benefits:

- **Exceptional Fire & Smoke Protection:** Crucially designed to **slow the spread of smoke and flames** during a fire, providing invaluable extra time for evacuation and minimising property damage. An **essential safety feature** for compliance and peace of mind.
- **Optimal Draught Exclusion:** Say goodbye to chilly draughts and heat loss! Our dense brush filaments create an **effective thermal barrier**, significantly improving your property's energy efficiency and helping to **reduce heating and cooling costs**.
- **Superior Dust & Debris Blocker:** Keep your interiors cleaner and healthier. This brush seal forms a **tight barrier** that effectively stops dust, pollen, and other airborne debris from entering your premises, promoting a **cleaner environment**.
- **Enhanced Acoustic Performance:** Experience a quieter space. The robust brush filaments help to **dampen sound transmission**, reducing noise pollution from outside and contributing to a more peaceful indoor atmosphere.

- **Durable & Long-Lasting Construction:** Crafted from **high-quality, resilient materials**, this brush seal is built to withstand daily wear and tear. Its **robust design** ensures **long-term performance and reliability**, offering exceptional value for your investment.
- **Easy & Flexible Installation:** The convenient 2100mm length can be **easily cut to size** using standard tools, allowing for a **customisable and straightforward installation** on various door and window types. Perfect for DIY enthusiasts and professionals alike.
- **Sleek Black Aesthetic:** The **modern black finish** seamlessly integrates with a wide range of door frames, window sills, and architectural styles, providing a **discreet yet highly effective solution**.
- **Versatile Applications:** Ideal for use on **fire doors, internal doors, external doors, garage doors, sliding doors, windows, and even cabinet doors**. A truly **multi-purpose sealing solution** for any gap.
- **Improved Security:** By eliminating gaps, this brush seal can also contribute to **enhanced security** by making it more difficult for unwanted elements to access your property.

Applications Include:

- Fire Door Bottoms & Sides
- Door Frames & Jambs
- Window Sashes & Frames
- Sliding Door Tracks
- Garage Door Bottoms & Sides
- Roller Shutter Gaps
- Cabinet & Enclosure Sealing

Invest in our **Premium Fire & Smoke Brush Seal** today for an **effective, durable, and aesthetically pleasing sealing solution** that delivers **enhanced safety, comfort, and energy savings**. A truly **smart investment** for any property.
