Fixing Support for DS30 DS35 & DS140 Cabinet Door Side - Pack of 2

Variant code: 50DS30SUPFX30/D

Fixing Support for DS30, DS35 & DS140 Concealed Hinges is a specialist **cabinet door mounting accessory** designed for use with compatible invisible furniture hinge systems. Installed on the door side, the fixing support provides an attachment point for the hinge assembly, helping achieve a secure and correctly positioned installation.

Designed for furniture and cabinetry applications, this **hinge fixing support** is intended for use with the **DS30, DS35 and DS140 concealed hinge ranges**. It provides an additional mounting solution where the fixing support arrangement is required, making it a practical accessory for furniture manufacturing, cabinet installation and bespoke joinery projects.

Supplied in a convenient **pack of 2**, these fixing supports are suitable for new installations and replacement applications. Their purpose-designed configuration helps support accurate hinge positioning while maintaining the discreet appearance associated with **concealed furniture hinge systems**.

Product Features

- **Dedicated hinge fixing support** for cabinet door-side installation.
- **Designed for DS30, DS35 and DS140 hinge systems**, subject to the appropriate mounting configuration.
- **Door-side mounting accessory** provides an attachment point for the hinge assembly.
- **Concealed hinge compatibility** helps maintain a clean furniture appearance.
- **Purpose-designed configuration** supports accurate positioning during installation.
- **Suitable for furniture and cabinetry** using compatible concealed hinges.
- **Pack of 2** provides two fixing supports.
- **Suitable for new installations and replacements** where the matching support is required.

Product Benefits

- **Secure hinge attachment** helps establish a reliable connection between the hinge and cabinet door.
- **Accurate positioning** supports correct hinge alignment during fitting.
- **Discreet installation** complements invisible furniture hinge systems.
- **Versatile application** supports a range of compatible furniture projects.
- **Convenient replacement solution** allows individual fixing supports to be replaced when required.
- **Practical twin pack** provides two components for installation or maintenance.

Technical Characteristics

- **Product Type:** Concealed Hinge Fixing Support
- **Accessory Type:** Hinge Mounting Support
- **Compatible Hinge Ranges:** DS30, DS35 and DS140 (subject to configuration verification)
- **Mounting Position:** Cabinet Door Side
- **Application:** Furniture and Cabinet Door Installation
- **Installation Type:** Mechanical Fixing
- **Hinge Compatibility:** Concealed Furniture Hinges
- **Pack Quantity:** 2 Fixing Supports
- **Product Category:** Furniture Hinge Accessories

Applications

Area of Use: Suitable for **kitchen cabinets, wardrobes, cupboards, storage units, fitted furniture and bespoke joinery** incorporating compatible DS30, DS35 or DS140 concealed hinge systems. Intended for installations requiring a dedicated fixing support on the cabinet door side.

How to Install: Identify the correct fixing support position on the cabinet door according to the hinge installation instructions. Prepare the required mounting points and secure the support using the specified fixings. Attach the compatible hinge assembly and check its positioning, alignment and movement before completing the installation.

Installation Considerations: Confirm
