

Hawa Acoustics Horizontal Seal Set XXXL: 1470 - 1500mm - Left Hand

Variant code: 31484

Soundproofing: Hawa Acoustics Horizontal Seal Set – The Ultimate Barrier

Enhance your space with the **Hawa Acoustics Horizontal Seal Set**, the premium solution engineered for **superior soundproofing** and **draft exclusion**. This robust sealing system is meticulously designed to close the gap between your door or window and the frame, creating a formidable barrier against unwanted noise, air leakage, and light. Perfect for residential, commercial, and professional environments, our seal set ensures a **quieter, more energy-efficient, and private space**.

Key Features & Benefits:

- **Acoustic Excellence:** Achieves **high-performance noise reduction**, significantly lowering decibel levels for a tranquil interior. Ideal for **recording studios, offices, bedrooms, and conference rooms**.
- **Energy Efficiency:** Acts as an exceptional **draft stopper** and **thermal seal**, preventing heat loss in winter and cool air escape in summer. This results in **lower energy bills** and a more stable indoor climate.
- **Durable & Long-Lasting:** Constructed from **high-quality, resilient materials** (often **silicone** or **EPDM rubber**) designed to withstand repeated opening and closing cycles without compression set or degradation.
- **Versatile Application:** Suitable for a wide range of **door types** (wooden, metal, composite) and **window frames**. Specifically designed for **horizontal installation** on the top and sides.
- **Easy Installation:** Features a **self-adhesive backing** or simple screw-in design for quick, non-intrusive mounting. The set includes all necessary components for a **DIY-friendly** setup.

- **Aesthetics:** Discreet, low-profile design ensures the seal blends seamlessly with your existing door or window frame, maintaining the **architectural integrity** of your space.

Specifications:

- **Installation Orientation:** Horizontal (top and sides of the door/window frame)
- **Material:** **Advanced Polymer / EPDM / Silicone** (check specific model)
- **Acoustic Rating:** (Include specific STC rating if available, e.g., **STC-40+**)
- **Colors:** Available in **White, Brown, and Black** to match various finishes.
- **Included:** Sealing strips for both sides and the top, mounting hardware/instructions.

Invest in the Hawa Acoustics Horizontal Seal Set today for an immediate and noticeable upgrade in **comfort, quiet, and energy savings.**
