Variant code: 31483

Hawa Acoustics Horizontal Seal Set XXXL: 1470 - 1500mm - Right Hand

Create a **peaceful, private sanctuary** with the Hawa Acoustics Horizontal Seal Set XXXL. This **premium-quality acoustic seal** is engineered to provide a **perfect fit** for extra-large sliding doors, effectively **eliminating drafts** and **blocking out noise**. Designed for **seamless integration**, this right-hand seal set is the ideal solution for large residential or commercial spaces, offering **superior sound insulation** and **enhanced privacy**.

Key Features & Benefits

- **Superior Noise Reduction:** The advanced sealing technology significantly reduces sound transmission, making it perfect for offices, conference rooms, bedrooms, or any area where quiet is a priority.
- **Energy Efficiency:** By creating an airtight seal, this product prevents heat loss and drafts, helping to **lower energy costs** and maintain a comfortable indoor temperature.
- **Precision Fit:** Specifically designed for openings measuring 1470mm to 1500mm, the **Hawa Acoustics seal set** ensures a **snug and secure installation** for right-hand sliding doors.
- **Durable and Long-Lasting:** Constructed from **high-quality, robust materials**, this seal is built to withstand frequent use and provide **reliable performance** for years to come.
- **Aesthetic Integration:** The sleek design and **discreet profile** of the seal complement the aesthetics of your door, providing a **high-end, professional finish** without being obtrusive.

Invest in **Hawa Acoustics** and experience the difference that a **high-performance sealing solution** can make to your space.
