HAWA Aperto 60 H - Single Top track - Anodized Aluminium - 4800mm

Variant code: 17529.4800

HAWA Aperto 60 H - Single Top Track - Anodized Aluminium - 4800mm

Unlock the potential of your interior design with the HAWA Aperto 60 H Single Top Track. This professional-grade, 4800mm anodized aluminum track is the core component of the innovative HAWA Aperto 60 H sliding and stacking door system. Engineered for top-running wooden doors, it offers a sophisticated, space-saving solution for modern homes and commercial environments.

Key Features and Benefits:

- **Premium Quality Anodized Aluminium:** This track is crafted from high-grade anodized aluminium, providing exceptional durability and a sleek, corrosion-resistant finish. The anodized surface ensures a long-lasting, elegant appearance that complements any interior aesthetic.
- **Smooth and Silent Operation:** Designed with precision, the HAWA Aperto 60 H track provides an incredibly smooth and quiet sliding motion. The high-quality running gear glides effortlessly, allowing for easy and discreet room partitioning without disruptive noise.
- **Flexible Room Design:** The HAWA Aperto 60 H system is a game-changer for flexible space utilisation. This top track is the foundation for creating movable walls and partitions that can be easily opened and stacked away, transforming a single large room into multiple functional areas in seconds.
- **Concealed Ceiling Installation:** Designed for ceiling mounting, this single top track ensures a clean, minimalist aesthetic. The running system is concealed within the track, providing an elegant and flush appearance when doors are closed.
- **Durable and Reliable:** Built to last, this track can support individual wooden doors up to 60 kg (132 lbs.), making it

suitable for a wide range of applications, from residential room dividers to commercial office screens.
- **Effortless Integration:** This 4800mm length is ideal for a variety of projects, providing ample coverage for multi-panel sliding door configurations. Its modular design allows for easy joining and extension, ensuring seamless and continuous operation across longer spans.

Ideal Applications:

- **Residential:** Create flexible living spaces, divide large open-plan living and dining areas, or add a stylish partition to a home office or studio.
- **Commercial:** Perfect for modern offices, conference rooms, restaurants, and retail spaces where flexible room separation is essential.
- **Hospitality:** Ideal for hotels and event venues that require versatile spaces for different functions.

Invest in the HAWA Aperto 60 H Single Top Track to create a functional, elegant, and flexible space that adapts to your every need.
