

Hawa Clipo 16 GPK IS – Suspension & Glass Retaining Profile – Anodised – 2500mm

Variant code: 053.3250.250

Evolve Your Glass Sliding Door Design with the Premium Hawa Clipo 16 GPK IS Suspension & Glass Retaining Profile

Achieve seamless, sophisticated, and reliable sliding glass door installations with the Hawa Clipo 16 GPK IS Suspension & Glass Retaining Profile. This high-quality, anodised aluminium profile, measuring a generous 2500mm, is the ideal solution for creating elegant and smooth-running frameless glass sliding doors weighing up to 16kg.

Key Features & Benefits for Optimal Performance and Aesthetics:

- **Superior Suspension System:** The Clipo 16 GPK IS system provides **excellent support** and ensures **effortless gliding** of glass doors. Experience a **smooth** and **silent operation** every time you open or close your doors.
- **Integrated Glass Retaining Profile:** This **cleverly designed profile** securely holds the glass panel, eliminating the need for complex drilling or cutouts in the glass. This not only simplifies installation but also provides a **clean** and **uninterrupted aesthetic**.
- **Sleek and Minimalist Design:** The **anodised aluminium finish** offers a **modern** and **stylish look** that complements any interior design. Its **low-profile design** ensures the focus remains on the beauty of the glass.
- **Durable and Long-Lasting:** Crafted from **robust, anodised aluminium**, this profile is built to withstand daily use, ensuring **long-term reliability** and **lasting value**. The anodisation process provides enhanced resistance to corrosion and wear.
- **Easy and Efficient Installation:** The **innovative design** of the Hawa Clipo system allows for **quick** and **straightforward installation**, saving you time and effort.

- **Versatile Application:** Perfect for a wide range of interior applications, including **cabinet doors, display cases, room dividers**, and other **stylish glass sliding solutions**.
- **Optimised for 6mm Glass:** Specifically designed for 6mm glass thickness, ensuring a **secure** and **perfect fit**.
- **2500mm Length:** The ample 2500mm length provides flexibility for various door widths and can be easily cut to size as needed.

Invest in the Hawa Clipo 16 GPK IS Suspension & Glass Retaining Profile for a professional, elegant, and high-performing sliding glass door solution. Order yours today and transform your space with effortless style and functionality!
