

Hawa Concepta II – Folding – Covering Screen For Door Clearance – 1870mm (6' 1 5/8") – Aluminium Anodized

Variant code: 23540

Hawa Concepta II – Folding Covering Screen for Door Clearance – 1870mm (6' 1 5/8") – Aluminium Anodized

Seamlessly Conceal Your Folding Doors with a Premium Finish

The Hawa Concepta II Folding Covering Screen is the essential component for achieving a flawless, integrated look with your Hawa Folding Concepta II pocket door system. Designed to cover the door clearance when your bi-fold doors are neatly folded and slid away into their pocket, this anodized aluminium screen provides a sleek and professional finish. At 1870mm (6' 1 5/8"), it is perfectly sized for a range of tall cabinet and room-high applications.

Key Features & Benefits:

- **Flawless Integration:** This covering screen seamlessly conceals the gap created when your folding doors are stored in their pocket, ensuring a clean and tidy aesthetic. It is the perfect finishing touch for a high-end, bespoke cabinetry solution.
- **Premium Anodized Aluminium:** Crafted from high-quality aluminium with a durable anodized finish, this screen is both lightweight and robust. The anodization process provides superior corrosion resistance and a beautiful, long-lasting surface that complements any modern interior design.
- **Optimal Dimensions:** With a length of 1870mm (6' 1 5/8"), this covering screen is suitable for a wide range of door heights, making it a versatile choice for your project.
- **Effortless Installation:** Designed as a key part of the Hawa Folding Concepta II system, the covering screen is easy to install, ensuring a smooth and efficient assembly process.
- **Enhanced Aesthetics:** The covering

screen supports the latest trends in flush-fitting, minimalist design, allowing you to create a versatile living space with unobstructed access and a clean, uncluttered appearance.

- **Versatile Applications:** Ideal for a variety of projects, including hiding kitchen appliances, creating a home office in a living room, concealing laundry facilities in a bathroom, or designing walk-in wardrobes and cabinets.
