Variant code: 25562

Hawa Concepta – Set of Screws for Spacer Profile – 7 Pieces PH 4x16mm (5/8")

Unlock Flawless Functionality with Hawa Concepta

Ensure seamless operation with this essential Hawa Concepta Screw Set.

This specialised set of 7 screws is meticulously designed to provide a perfect and secure fit for the Hawa Concepta spacer profile. Engineered for precision and durability, these screws are the vital components needed to guarantee the smooth, reliable, and effortless movement that the Hawa Concepta hardware system is renowned for.

Key Features & Benefits:

- **Precision Engineered:** Each screw is a perfect 4x16mm (5/8") size, ensuring a precise fit for the Hawa Concepta spacer profile. This eliminates guesswork and provides a secure, wobble-free installation.
- **High-Quality Construction:** Made from robust materials, these screws offer exceptional strength and longevity, guaranteeing a stable and lasting installation.
- **Optimal Performance:** A secure spacer profile is crucial for the flawless "slide-in" and "slide-out" motion of the Hawa Concepta system. These screws provide the solid foundation needed for optimal performance.
- **Convenient Set:** This pack includes 7 pieces, providing the exact number of screws required for a standard installation, minimising waste and ensuring you have everything you need.
- **Effortless Integration:** Designed specifically for the Hawa Concepta system, these screws integrate seamlessly, making installation straightforward and efficient.

- **PH (Phillips) Drive:** The Phillips head design allows for easy installation with a standard screwdriver or drill bit, saving you time and effort.

Why Choose Genuine Hawa Concepta Components?

When it comes to the intricate and high-performance Hawa Concepta system, using genuine components is non-negotiable. Genuine parts ensure compatibility, reliability, and most importantly, the continued smooth and silent operation of your doors. Don't compromise on quality—choose the screws designed to work in perfect harmony with your hardware.

Ideal For:

- Cabinet makers and joiners
- Furniture manufacturers
- DIY enthusiasts undertaking a kitchen or living room renovation
- Anyone installing or servicing Hawa Concepta hardware systems
- Building high-end, bespoke cabinetry
