Hawa Concepta - Soft Closing System For End Position with Cover Caps - Plastic, Black

Variant code: 25887

Hawa Concepta - Soft Closing System For End Position with Cover Caps - Plastic, Black

Experience seamless, silent, and safe operation with the Hawa Concepta Soft Closing System, specifically designed for end positions. This premium soft closing mechanism, complete with sleek black plastic cover caps, elevates the functionality and aesthetics of your Hawa Concepta pocket door systems, making it an essential upgrade for modern living and working spaces.

Product Description:

The Hawa Concepta Soft Closing System for End Position is an innovative solution that brings unparalleled refinement to your pocket door applications. Engineered with precision by Hawa, a global leader in sliding and folding hardware, this soft closing mechanism ensures that your doors glide gently and quietly into their fully closed or open positions, eliminating jarring impacts and significantly extending the lifespan of your furniture and hardware.

Key Features & Benefits:

- **Effortless Soft Closing:** Experience smooth, controlled deceleration of your doors as they approach their final position. This prevents slamming, reduces noise pollution, and enhances user comfort.
- **Enhanced Safety:** The gentle closing action minimises the risk of pinched fingers, making it ideal for households with children or high-traffic commercial environments.
- **Increased Durability:** By absorbing impact forces, the soft closing mechanism protects your door panels, hinges, and furniture from wear and tear, ensuring long-lasting performance.
- **Sleek Aesthetic with Cover Caps:** The included black plastic cover caps provide

a clean, finished look, concealing the mechanism for a truly integrated design. Their discreet black finish blends seamlessly with various interior styles.
- **Designed for End Positions:** Specifically engineered for the terminal points of your Hawa Concepta pocket door movement, ensuring a perfect soft close every time.
- **Premium Quality Materials:** Constructed from durable plastic, this system is built to withstand rigorous daily use while maintaining its smooth operation.
- **Easy Integration:** Designed for straightforward installation with existing or new Hawa Concepta pocket door hardware. (Please refer to Hawa Concepta installation guides for specific instructions).
- **Versatile Application:** Ideal for a wide range of furniture applications including kitchen cabinets, wardrobes, office storage units, entertainment centers, and more, wherever Hawa Concepta systems are employed.

Technical Specifications:

- **Product Type:** Soft Closing System for End Position
- **Compatibility:** Exclusively designed for Hawa Concepta pocket door systems
- **Material:** High-quality Durable Plastic
- **Color:** Black (Cover Caps)
- **Mechanism:** Hydraulic/Mechanical Damping
- **Installation:** To be integrated with Hawa Concepta hardware (installation instructions are specific to the Hawa Concepta system)

Why Choose Hawa Concepta Soft Closing?

Investing in the Hawa Concepta Soft Closing System is an investment in quality, comfort, and longevity. It transforms the everyday action of opening and closing doors into a smooth, silent, and satisfying experience. Whether you're a professional furniture maker, an interior designer, or a homeowner looking to upgrade your living space, this soft closing system offers an unparalleled blend of functionality and discreet elegance.

Elevate your Hawa Concepta pocket door system to the next level of sophistication and practicality. Add the Hawa Concepta Soft
