

Hawa Folding Concepta III 20 – Upright Set – Door Height 1200–2200mm – Anodised

Variant code: 31519

The **Hawa Folding Concepta III 20 Upright Set** is a dedicated system component for **Hawa Folding Concepta III 20** furniture door installations. This version is designed for **door heights from 1200–2200mm** and forms part of the hardware required to create a complete Folding Concepta III installation.

Manufactured from **aluminium** with an **anodised finish**, the upright set is designed for use with compatible **wooden furniture doors**. The Folding Concepta III 20 configuration is specified for doors weighing up to **20kg**.

The upright set is a **modular system component** and is intended to be combined with the appropriate Folding Concepta III basic set, slide-in set and track set according to the required cabinet configuration. This allows the correct components to be selected for the complete furniture door installation.

Product Features

- **Upright set** for Hawa Folding Concepta III 20 systems
- Suitable for door heights from **1200–2200mm**
- Designed for compatible **wooden doors**
- Suitable for the **20kg door weight class**
- Manufactured from **aluminium**
- Features an **anodised finish**
- Forms part of the modular **Folding Concepta III 20** system
- Designed to be combined with the appropriate compatible **system components**
- Supplied as an **upright system component**, not a complete Folding Concepta III installation

Product Benefits

- **Purpose-designed for Folding Concepta III 20 installations with door**

heights from 1200–2200mm

- **Aluminium construction with an anodised finish provides the specified upright profile for the system**
- **Modular design allows the upright set to be combined with the appropriate Folding Concepta III components for the required cabinet arrangement**
- **Suitable for compatible wooden furniture doors**
- **Provides the required upright component for compatible 20kg Folding Concepta III configurations**
- **Suitable for professional furniture and cabinet installations**

Technical Characteristics

- **Product Type:** Upright Set
- **System:** Hawa Folding Concepta III 20
- **Door Height:** 1200–2200mm
- **Door Weight:** Up to 20kg
- **Door Material:** Wood
- **Material:** Aluminium
- **Finish:** Anodised
- **Product Category:** System Component
- **Application:** Furniture & Cabinet Door Systems

Applications

The **Hawa Folding Concepta III 20 Upright Set – 1200–2200mm – Aluminium Anodised** is designed for compatible **Folding Concepta III 20 furniture and cabinet door installations** using wooden doors within the specified **1200–2200mm height range and 20kg weight class**.
