

Hawa Folding Concepta III 25 – Upright Set – Door Height 1900–2700mm – Anodised

Variant code: 31520

The **Hawa Folding Concepta III 25 Upright Set** is a dedicated system component for compatible **Hawa Folding Concepta III 25** furniture door installations. This version is designed for **door heights from 1900–2700mm** and forms part of the modular hardware required for the corresponding Folding Concepta III system configuration.

Manufactured from **aluminium** with an **anodised finish**, the upright set is designed for compatible **wooden furniture doors**. The Folding Concepta III 25 configuration is specified for a **25kg loading capacity**, making this the upright set for the taller 25-series door configuration.

The upright set is a **system component rather than a complete door system**. It is designed to be combined with the appropriate compatible Folding Concepta III basic, slide-in and track components according to the required cabinet and door arrangement.

Product Features

- **Upright set** for Hawa Folding Concepta III 25 systems
 - Designed for door heights from **1900–2700mm**
 - Designed for compatible **wooden furniture doors**
 - Specified for a **25kg loading capacity**
 - Manufactured from **aluminium**
 - Features an **anodised finish**
 - Forms part of the modular **Folding Concepta III 25** system
 - Used within compatible **Push and Pull configurations**
 - Designed for use with the appropriate compatible **basic, slide-in and track components**
 - Supplied as an **upright system component** rather than a complete Folding Concepta III installation
-

Product Benefits

- **Purpose-designed for Folding Concepta III 25 installations with door heights from 1900–2700mm**
- **25kg loading capacity makes it suitable for the corresponding Folding Concepta III 25 wooden door configuration**
- **Modular design allows the upright set to be combined with the appropriate Folding Concepta III system components**
- **Anodised aluminium construction** provides the specified material and finish for compatible installations
- Can be incorporated into compatible **Push and Pull system arrangements**
- Provides the dedicated upright component required for compatible **taller furniture door installations**

Technical Characteristics

- **Product Type:** Upright Set
- **System:** Hawa Folding Concepta III 25
- **Door Height:** 1900–2700mm
- **Loading Capacity:** 25kg
- **Door Material:** Wood
- **Material:** Aluminium
- **Finish:** Anodised
- **Compatible Configurations:** Push & Pull
- **Product Category:** System Component
- **Application:** Furniture & Cabinet Door Systems

Applications

The **Hawa Folding Concepta III 25 Upright Set – 1900–2700mm – Aluminium Anodised** is designed for compatible **Folding Concepta III 25 furniture and cabinet door installations** using wooden doors within the specified **1900–2700mm height range** and **25kg loading capacity**. It is used as part of the modular Folding Concepta III system together with the appropriate compatible basic, slide-in and track components required for the selected cabinet configuration.
