Variant code: 10347.2600

Hawa Junior 250 B Multi Purpose Suspension & Retainer Profile, Aluminum Pre-Drilled – 2600mm

Unlock smooth and reliable sliding door and partition solutions with the Hawa Junior 250 B Multi Purpose Suspension & Retainer Profile. This high-quality, pre-drilled aluminium profile, measuring 2600mm in length, offers exceptional versatility and durability for a wide range of interior applications.

Key Features & Benefits:

- **Multi-Purpose Design:** This profile serves as both a **suspension profile** and a **retainer profile**, streamlining installation and ensuring secure and stable movement of your **sliding doors, folding doors, room dividers, and partitions**.
- **Robust Construction:** Crafted from **high-grade aluminium**, this profile offers excellent strength, corrosion resistance, and a sleek, modern aesthetic. Its lightweight nature simplifies handling and installation.
- **Pre-Drilled for Convenience:** The profile comes **pre-drilled** with precisely spaced holes, saving valuable installation time and ensuring accurate alignment of suspension and guiding components.
- **Optimised for Hawa Junior 250 B System:** Specifically designed for the renowned **Hawa Junior 250 B sliding system**, guaranteeing seamless compatibility and optimal performance for doors and panels weighing up to 250 kg.
- **Smooth and Quiet Operation:** When used with the complete Hawa Junior 250 B system, this profile contributes to a smooth, quiet, and effortless sliding motion.
- **Versatile Applications:** Ideal for residential, commercial, and institutional

settings, including **interior doors, wardrobe doors, office partitions, glass doors, and wooden doors.**

- **Durable and Long-Lasting:** Built to withstand the rigours of daily use, ensuring a long service life and reliable performance.
- **Easy to Cut and Customise:** The aluminium material can be easily cut to the desired length on-site, providing flexibility for various project requirements.
- **Professional Finish:** Provides a clean and professional finish to your sliding door and partition installations.
