

Hawa Surface Fix Panel Equalizer Black Plastic

Variant code: 14906

Hawa Surface Fix Panel Equaliser: The Joiner and Carpenter's Solution for Flawless Sliding Doors

Elevate the quality and functionality of your projects with the Hawa Surface Fix Panel Equaliser. Designed specifically for professional joiners, carpenters, and cabinet makers, this essential hardware component ensures a perfectly aligned and flush finish for a wide range of sliding and folding door systems.

Achieve a Flawless Finish Every Time: The Hawa Surface Fix Panel Equaliser is a critical element for creating a seamless and aesthetically pleasing appearance in your cabinetry and partition systems. It works as a "flush holder" to precisely align sliding panels, eliminating unsightly gaps and ensuring a consistent, professional-grade finish. This component is particularly valuable in multi-panel systems where precision is paramount, such as in bi-folding doors, pocket doors, and large sliding partitions.

Engineered for Durability and Performance: Crafted from high-quality black plastic, this equaliser is built to withstand the rigours of daily use. Its durable construction ensures long-lasting performance and reliable door alignment, preventing sagging or misalignment over time. The "surface fix" design allows for straightforward and secure installation, integrating seamlessly with Hawa's renowned sliding hardware systems like the Hawa Aperto and Hawa Concepta series.

Key Features & Benefits for Professionals:

- **Precision Alignment:** Ensures a perfectly flush fit between sliding or folding door panels, eliminating gaps and creating a high-end, clean look.
- **Durable Construction:** Made from robust black plastic for a long service life and dependable performance in high-traffic applications.
- **Easy Integration:** Designed as a compatible component for various Hawa

sliding and folding door systems, simplifying the selection and installation process.

- **Professional Finish:** The subtle black finish and clever design make this equaliser an invisible yet vital part of a high-quality finished product.
- **Efficiency on the Job:** Reduces installation time and the need for complex adjustments, helping you deliver superior results with greater efficiency.

Ideal for a Wide Range of Applications: Whether you're crafting bespoke kitchen cabinets, installing elegant room dividers, or building a space-saving wardrobe, the Hawa Surface Fix Panel Equaliser is the detail that sets your work apart. It's the go-to solution for achieving the perfect panel alignment that your clients expect and demand.

Invest in the quality of your work. Choose the Hawa Surface Fix Panel Equaliser for a flawless finish, every time.
