

Henderson Roomflex 50 Internal Folding Door Hardware System (Max 50kg Doors) – 3 Door Configuration

Variant code: RF50K2

Henderson Roomflex 50 Internal Folding Door Hardware System (3-Door, Max 50kg)

Transform your living or working space with the versatile and space-saving Henderson Roomflex 50 Internal Folding Door Hardware System. This premium 3-door configuration, designed for individual doors weighing up to 50kg, offers an elegant and practical solution for creating flexible room layouts, optimising natural light, and enhancing the aesthetic appeal of any interior.

The Roomflex 50 system is engineered for smooth, quiet, and reliable operation, making it the ideal choice for a wide range of applications, including:

- **Connecting or separating living areas:**
Effortlessly transition between open-plan living and private spaces.
- **Creating versatile office environments:**
Adapt your workspace for collaborative projects or focused individual work.
- **Maximising space in smaller rooms:**
Free up valuable floor area typically occupied by traditional swinging doors.
- **Enhancing accessibility and flow:**
Improve the movement of people and light throughout your home or office.
- **Concealing storage or utility areas:**
Neatly hide away laundries, pantries, or cupboards with a stylish folding solution.

Key Features & Benefits:

- **Robust 50kg Door Capacity:** Engineered to effortlessly support three internal doors, each weighing up to 50kg,

ensuring durability and long-lasting performance.

- **Smooth & Silent Operation:** High-quality components and precision engineering guarantee a quiet and effortless folding action, enhancing user comfort.
- **Space-Saving Design:** The intelligent folding mechanism eliminates the need for a large swing arc, maximising usable floor space in any room.
- **Durable & Reliable Hardware:**
Constructed from premium materials, the Roomflex 50 system is built to withstand daily use, offering exceptional longevity and peace of mind.
- **Easy Installation:** Designed for straightforward fitting by professionals or experienced DIY enthusiasts, minimising installation time and effort.
- **Flexible 3-Door Configuration:** Perfect for openings requiring three individual folding door leaves, providing ample versatility in room division.
- **Enhanced Natural Light:** When fully open, the system allows for an abundance of natural light to flow between spaces, creating a brighter and more inviting atmosphere.
- **Aesthetically Pleasing:** The discreet and elegant hardware complements a wide range of door styles and interior designs, adding a touch of sophistication to your property.
- **British Engineering Excellence:**
Manufactured by Henderson, a trusted name in door hardware with a reputation for quality and innovation.
- **Versatile Applications:** Ideal for residential and light commercial settings, including homes, apartments, offices, hotels, and guesthouses.

Invest in the Henderson Roomflex 50 Internal Folding Door Hardware System and unlock the full potential of your indoor spaces. Experience
