

Heritage Brass Reeded Euro Profile Cylinder Escutcheon – Satin Brass

Variant code: RR4020.SB

Heritage Brass Reeded Euro Profile Cylinder Escutcheon – Satin Brass

Elevate Your Doors with Timeless Elegance and Uncompromising Security

Introducing the Heritage Brass Reeded Euro Profile Cylinder Escutcheon in a luxurious Satin Brass finish – a perfect blend of classic design, superior craftsmanship, and modern security. This exquisite escutcheon is more than just a functional component; it's a statement piece that adds a touch of refined heritage to any door, while ensuring robust protection for your Euro profile cylinder.

Unparalleled Craftsmanship and Design:

Crafted from high-quality solid brass, this escutcheon boasts a distinctive reeded edge design that exudes a sophisticated, tactile appeal. The intricate detailing, a hallmark of Heritage Brass, captures the essence of traditional British architectural ironmongery, making it an ideal choice for period properties and contemporary homes seeking a touch of classic charm. The smooth, satin brass finish is not only visually stunning but also offers exceptional durability and resistance to tarnishing, ensuring its beauty endures for years to come.

Key Features & Benefits:

- **Premium Solid Brass Construction:** Guarantees exceptional strength, longevity, and a substantial, luxurious feel.
- **Elegant Reeded Edge Design:** Adds a touch of timeless sophistication and unique visual interest to your doors.
- **Lustrous Satin Brass Finish:** Provides a warm, inviting aesthetic that complements a wide range of interior styles, from traditional to transitional. This durable finish is resistant to fingerprints

and tarnishing.

- **Euro Profile Cylinder Compatibility:** Perfectly designed to house and protect standard Euro profile cylinders, enhancing the security of your doors.
- **Concealed Fixings:** Ensures a clean, seamless appearance for a truly professional finish.
- **Easy Installation:** Designed for straightforward fitting, suitable for both DIY enthusiasts and professional installers.
- **Enhanced Security:** Provides a protective barrier around your cylinder, deterring tampering and forced entry attempts.
- **Heritage Brass Quality:** A name synonymous with excellence, ensuring you receive a product of the highest standards in both design and durability.
- **Versatile Application:** Ideal for both interior and exterior doors where a Euro profile cylinder is used, including front doors, back doors, and internal locking doors.

Perfect For:

- Homeowners looking to upgrade their door hardware with a touch of classic elegance.
- Period property renovations and restorations.
- Interior designers seeking high-quality, aesthetically pleasing door furniture.
- Anyone prioritising both style and enhanced security for their property.
