

High Performance Ball Race Butt Hinge inc Screws 100 x 65mm – Aged Brass

Variant code: 1540.AGD

High-Performance Ball Race Butt Hinge with Screws – 100 x 65mm – Aged Brass

Our **High-Performance Ball Race Butt Hinge** in an elegant **Aged Brass** finish is the perfect fusion of timeless style and exceptional durability. This premium hinge is meticulously engineered to provide a **smooth, silent, and reliable** operation for a wide range of doors, from entryways to internal doors. Measuring **100mm x 65mm**, it's the ideal choice for both residential and commercial applications where performance and aesthetics are paramount.

Superior Quality and Smooth Operation

Crafted from high-quality materials and finished with a rich **Aged Brass**, this hinge is not just a hardware component; it's a statement of quality. The **ball race** mechanism at its core is designed to reduce friction and distribute the load evenly, ensuring a **seamless swing** and preventing sag over time. This **heavy-duty** construction guarantees longevity and performance even with frequent use. Whether you're upgrading a home or outfitting a new commercial space, this hinge offers a **professional** and **lasting** solution.

Easy Installation and Complete Kit

We've made installation a breeze. Each hinge comes as a complete kit, including all the **matching screws** you need for a secure and unified look. The **100 x 65mm** dimensions are a standard size for many door applications, making it a **convenient** and **versatile** choice. The aged brass finish is not only visually appealing but also resistant to tarnish and corrosion, ensuring your hardware looks great for years to come.
