

Kiara Winch Stay – Light Duty – Dark Grey

Variant code: AWS02603

Kiara Easy is our elegant opening system for drop down doors defined by minimalist shapes and a distinctly smooth movement.

- The unhandled mechanism is easily installed on the side panel and provides for the door opening with a slim yet extremely strong Dyneema wire.
- The result is a compact and well proportioned solution for smaller doors.
- Kiara Easy is a universal mechanism that can be mounted on either side thus optimising stock management.
- The opening strengths of the mechanism can be easily activated with the help of the pre-mounted screw on the body and allow for a softer opening.
- The opening angle can be simply adjusted with an allen wrench key. Kiara Easy and Kimana Skin hinge provide a clean combination that reveals your design.
- The cover comes in different finishes to match the cabinet interior. Kiara Easy is a versatile product that presents several types of door brackets.
