Kit Lock Digital Lock – Classic: Secure & Convenient Keyless Entry

Say goodbye to keys and hello to effortless security with the Kit Lock Digital Lock – Classic. This robust and reliable digital cabinet lock offers a modern, keyless solution for a wide range of applications, from personal lockers and office furniture to retail displays and medical cabinets. Designed for simplicity and durability, the Kit Lock Classic provides unparalleled convenience and enhanced security, making it an ideal choice for both commercial and domestic environments.

Why Choose the Kit Lock Digital Lock – Classic?

- **Keyless Convenience:** Eliminate the hassle of lost keys, cumbersome key rings, and the security risk of unauthorised key duplication. The Kit Lock Classic operates with a simple 4-digit user code, providing quick and easy access for authorised individuals.
- **Enhanced Security:** With thousands of possible combinations, this digital lock offers a high level of security for your valuables and sensitive documents. The robust construction and reliable digital mechanism deter unauthorised entry.
- **Easy Installation:** Designed for straightforward retrofitting or new installations, the Kit Lock Classic can be quickly fitted to most cabinet doors and drawers. No wiring or complex electrical work is required, making it a perfect DIY security upgrade.
- **Simple Operation:** The intuitive keypad and clear indication lights make programming and operation incredibly easy. Users can set and change their codes effortlessly, providing flexibility and control.
- **Durable & Reliable:** Built with high-quality materials, the Kit Lock Classic is engineered to withstand daily use in various environments. Its long-lasting performance ensures reliable security for years to come.
- **Versatile Applications:** From schools and gyms to offices and homes, the Kit

Lock Classic is suitable for a wide array of uses, including:

- **Lockers:** Employee lockers, gym lockers, school lockers
- **Cabinets:** Office cabinets, medical cabinets, retail display cabinets, storage cabinets
- **Drawers:** Desk drawers, filing cabinets
- **Personal Use:** Home offices, garages, sheds for secure storage of tools, documents, or personal items.

Key Features & Benefits:

- **User-Friendly 4-Digit Code:** Easy to remember and simple to program.
- **Public and Private Functions (Selectable):**
 - **Private Function:** A single, fixed code is used repeatedly (ideal for dedicated users).
 - **Public Function:** A new, unique code is entered by each user, which then locks and unlocks the cabinet (perfect for shared lockers, hot-desking, or temporary use).
- **Auto-Relock Feature:** For added security, the lock can be set to automatically re-lock after a predetermined period.
- **Battery Operated:** Powered by standard AAA batteries (typically offering 15,000 operations), eliminating the need for external power and simplifying installation. Low battery indicator ensures you're never caught off guard.
- **Solid Zinc Alloy Construction:** Provides excellent durability and resistance to tampering.
- **Spindle Free Operation:** Smooth and reliable locking mechanism.
- **Vertical, Left, or Right Hand Fitment:** Adaptable for various door orientations.

Technical Specifications:

- **Material:** Zinc Alloy
- **Finish:** Satin Chrome (Standard)
- **Power:** 2 x AAA Batteries
