

Lever Action Flush Bolt – 203 x 20mm – Square – AB

Variant code: JSS50.203.AB

Enhance Your Doors with the Lever Action Flush Bolt – 203 x 20mm – Square – Imitation Bronze

Secure your doors with an exquisite touch. Our premium Lever Action Flush Bolt, featuring a classic Imitation Bronze finish, seamlessly integrates to enhance both the safety and style of your 44mm interior and exterior doors. This 203 x 20mm square bolt is robust and refined.

Key Features & Benefits:

- Superior Security & Stability:**
Engineered for ultimate peace of mind, this flush bolt provides reliable secondary locking for double doors, French doors, and bifold doors. Its lever action mechanism ensures a secure and firm hold, preventing unwanted movement and enhancing the overall stability of your door system.
- Durable Imitation Bronze Finish:**
Boasting a rich Imitation Bronze (AB) finish, this flush bolt not only adds a classic, antique aesthetic to your doors but also offers excellent resistance to corrosion and wear. This durable coating ensures long-lasting beauty and performance, even in high-traffic areas.
- Sleek & Discreet Design:** With its flush-fitting design, this bolt seamlessly integrates into your door edge, maintaining clean lines and an uncluttered appearance. The 203 x 20mm square dimensions offer a contemporary yet classic look that blends effortlessly with various architectural styles.
- Effortless Lever Action Operation:**
Experience smooth and easy operation with the ergonomic lever mechanism. A simple flick of the lever engages or disengages the bolt, providing convenient access while maintaining high security when locked.

- **Optimised for 44mm Thick Doors:**
Specifically designed to suit standard 44mm thick doors, this flush bolt offers a perfect fit and ensures optimal performance. This precision engineering minimises installation time and guarantees a snug, secure fit.
- **Versatile Application:** Ideal for a wide range of applications, including residential homes, commercial properties, hotels, and public buildings. Perfect for securing inactive door leaves, providing additional privacy, or adding an extra layer of security.
- **High-Quality Construction:**
Manufactured from robust materials, this flush bolt is built to withstand daily use and provide years of dependable service. Its solid construction ensures maximum durability and reliability.

Why Choose Our Lever Action Flush Bolt?

This Lever Action Flush Bolt is more than just a functional hardware component; it's an investment in the longevity, security, and aesthetic appeal of your doors. Its timeless Imitation Bronze finish, coupled with its reliable lever action and precise engineering for 44mm thick doors, makes it an indispensable choice for discerning homeowners and professionals.

Upgrade your doors today with the ultimate blend of style, security, and functionality. Add the Lever Action Flush Bolt – 203 x 20mm – Square – Imitation Bronze to your cart now!
