

Locking Sash Fastener – Fitch – Polished Chrome

Variant code: AA40LCKCP

Polished Chrome Fitch Locking Sash Fastener

Unmatched Security & Durability

Designed specifically for traditional wooden sash windows, this **locking sash fastener** provides a robust and reliable locking mechanism. The classic Fitch design ensures a strong, positive lock, preventing the window from being opened from the outside. The integrated locking feature, operated by a key, offers an extra layer of **home security**, deterring potential intruders and ensuring your property is protected.

Crafted from high-quality solid brass and finished with a stunning, high-sheen polished chrome plating, this fastener is built to last. The chrome finish not only provides a contemporary, elegant look but also offers exceptional resistance to rust, tarnishing, and wear, ensuring it maintains its brilliant appearance for years to come.

A Perfect Blend of Function and Elegance

The elegant curves and clean lines of the Fitch design complement a wide range of interior styles, from classic Victorian and Edwardian homes to modern, minimalist decor. The **polished chrome finish** adds a touch of sophistication and luxury, making this fastener a focal point that enhances the beauty of your windows.

Easy to Install & Use

We've made installation a breeze. This **sash window lock** comes with all the necessary fixings (screws) and two keys, so you can secure your windows right out of the box. The simple yet effective design ensures smooth operation, making it easy to lock and unlock your windows with a quick turn of the key.
