Fastmount Standard Surface Mount Acoustic Clip - Translucent Male

Variant code: PC-SM1AC

Fastmount Standard Surface Mount Acoustic Male Clip (PC-SM1AC) is a professional concealed mounting clip designed specifically for **acoustic panels, architectural wall panels and removable joinery applications**. Featuring a **translucent surface-mount design**, this male clip provides a discreet fixing solution while creating the essential air gap behind acoustic panels to enhance sound absorption and overall acoustic performance.

Manufactured from durable engineering-grade polymer, the PC-SM1AC delivers excellent strength, vibration resistance and long-term reliability. Its surface-mount design allows for quick installation using either screws or adhesive, eliminating the need for recessed mounting while maintaining a clean, concealed appearance. Designed for use with compatible **Fastmount® Standard Profile female clips** (sold separately), it provides a secure fixing that allows panels to be repeatedly removed and refitted for maintenance, servicing or future alterations.

As part of the **Fastmount® Standard Profile concealed panel mounting system**, the PC-SM1AC combines professional installation with outstanding aesthetics, making it ideal for commercial, residential and specialist acoustic installations.

Product Features

- Standard Profile surface mount acoustic male clip
- Translucent finish for discreet installation
- Designed for acoustic panel mounting
- Surface mount installation using screws or adhesive
- Compatible with Fastmount® Standard Profile female clips (sold separately)
- Creates an air gap to improve acoustic performance
- Durable engineering-grade polymer construction
- Strong, vibration-resistant concealed fixing
- Suitable for repeated panel removal and

reinstallation
- Genuine Fastmount® Standard Profile clip

Product Benefits

- Creates an almost invisible concealed fixing
- Improves acoustic panel performance by maintaining an air gap
- Quick and straightforward installation
- Supports secure mounting of wall and architectural panels
- Allows panels to be removed without damaging the mounting system
- Provides long-lasting, reliable performance in demanding environments

Technical Characteristics

- **Product Type:** Surface Mount Acoustic Male Concealed Mounting Clip
- **Brand:** Fastmount
- **Model:** PC-SM1AC
- **System Compatibility:** Fastmount® Standard Profile Range
- **Clip Type:** Surface Mount Acoustic Male
- **Colour:** Translucent
- **Fixing Method:** Surface Mount (Screw or Adhesive)
- **Material:** Engineering-Grade Polymer
- **Application:** Acoustic and Removable Panel Mounting

Applications

The **Fastmount PC-SM1AC Standard Surface Mount Acoustic Male Clip** is ideal for:

- Acoustic wall panels
- Architectural feature panels
- Wall cladding systems
- Cabinetry and bespoke joinery
- Exhibition and display stands
- Commercial interiors
- Recording studios
- Home cinemas
- Offices and conference rooms
- Residential and commercial fit-out projects

Designed for use with compatible **Fastmount® Standard Profile female clips**, it provides a secure, concealed and removable fixing solution that enhances acoustic performance while delivering a clean, professional finish for modern panel installations.
