

Premium Solid Drawn Brass Butt Hinge – 50.8 x 38mm – c/w Urn Finials – Polished Brass Unlacquered

Variant code: 0305.URN.PBUL

The **Premium Solid Drawn Brass Butt Hinge with Urn Finials** is an elegant architectural hinge designed for **cabinets, lightweight flush doors and windows**. Measuring approximately **50.8 x 38mm**, it combines traditional styling with robust construction, making it particularly well suited to fine furniture, cabinetry, period-inspired interiors and bespoke joinery applications.

Finished in **Polished Brass Unlacquered**, this variant offers the distinctive character of a traditional living brass finish. Without a protective lacquer coating, the polished brass can naturally develop a **patina over time**, creating an evolving appearance particularly suited to period and heritage-inspired interiors. Where a brighter appearance is preferred, unlacquered brass can be periodically polished as part of routine care.

The hinge is complemented by elegant **Urn Finials**, providing a decorative detail that enhances traditional furniture and interior hardware. A **stainless steel pin** contributes to dependable hinge operation, while the manufacturer's specified **20kg load capacity** and **10-year performance guarantee** provide additional confidence for appropriate lightweight applications.

Product Features

- **Premium solid drawn brass butt hinge** for quality furniture and joinery applications
- Approximate dimensions of **50.8 x 38mm**
- Supplied in a distinctive **Polished Brass Unlacquered** finish
- Features elegant **Urn Finials** for a traditional decorative appearance
- Designed for **cabinets and lightweight flush doors and windows**
- Features a durable **stainless steel pin**
- **20kg load capacity** for appropriate lightweight applications

- **10-year performance guarantee**
- **6.3mm knuckle diameter**
- **2.2mm material thickness**
- Suitable for both **right- and left-hand applications**
- Special finishes are available upon request

Product Benefits

- **Decorative Urn Finials provide an elegant period-inspired detail for premium furniture and interior joinery**
- **Polished Brass Unlacquered provides a traditional living finish capable of developing a distinctive natural patina over time**
- **Solid drawn brass construction combines traditional appearance with dependable performance for appropriate lightweight applications**
- **Stainless steel pin** provides a durable pivot point for dependable hinge operation
