### Premium Solid Drawn Brass Butt Hinge – 75 x 35mm – UK 512 Polished Brass (Lacquered)

Experience the pinnacle of quality and craftsmanship with our **Premium Solid Drawn Brass Butt Hinge**. Measuring 75mm in height and 35mm in width, this meticulously engineered hinge is a testament to traditional British manufacturing, designed to provide exceptional durability and a stunning aesthetic to your doors and cabinets.

#### Unmatched Quality & Construction:

Crafted from **solid drawn brass**, not plated steel, this hinge offers superior strength and longevity. The "solid drawn" process ensures a consistent, dense material throughout, eliminating the imperfections often found in cast or folded alternatives. This results in a hinge that can withstand the rigors of daily use for years to come, making it an ideal choice for **heavy-duty doors** and **high-traffic areas**.

#### Elegant Polished Brass Finish (Lacquered):

Finished in a luxurious **UK 512 Polished Brass**, this hinge exudes timeless elegance. The highly reflective, mirror-like surface beautifully captures and reflects light, adding a touch of sophistication to any interior design scheme. To maintain its pristine brilliance and prevent tarnishing, the polished brass is expertly **lacquered**. This protective coating ensures your hinges retain their stunning lustre without the need for constant polishing, offering a truly **low-maintenance door hinge solution**.

#### Versatile Applications:

Whether you're restoring a period property or adding a touch of classic charm to a contemporary space, this versatile hinge is perfect for a wide range of applications. Ideal for:

- **Internal doors**
- **Cabinet doors**
- **Wardrobe doors**

- **Furniture restoration projects**
