

Premium Solid Drawn Brass Butt Hinge 76.2 x 60mm – Self Colour

Variant code: 1020.SCOL

Premium Solid Drawn Brass Butt Hinge – 76.2 x 60mm – Self Colour

Experience Unrivalled Quality and Timeless Elegance with our Premium Solid Drawn Brass Butt Hinge.

Crafted from a single piece of **solid drawn brass**, this exceptional 76.2 x 60mm butt hinge offers unparalleled strength, durability, and a classic aesthetic for discerning homeowners and professional trades alike. Unlike cheaper, stamped alternatives, our **premium brass hinges** are meticulously manufactured for superior performance and a lifetime of reliable operation.

Key Features & Benefits:

- Solid Drawn Brass Construction:**
Experience the difference of genuine, **high-quality solid brass**. This robust construction ensures incredible strength, exceptional wear resistance, and a product that will not bend, crack, or corrode over time, even in demanding environments. Ideal for **heavy-duty doors** and **high-traffic areas**.
- Self-Colour Finish (Unlacquered Brass):**
Embracing the authentic beauty of natural brass, these hinges are supplied in a **self-colour (unlacquered) finish**. This allows the brass to develop a beautiful, unique patina over time, adding character and a touch of antique charm to your doors. For those who prefer a polished look, the hinges can be easily maintained with periodic polishing. Perfect for **traditional interiors, heritage projects**, and those seeking a **vintage aesthetic**.
- Optimal Size (76.2 x 60mm / 3 inch):**
With a leaf size of 76.2mm (3 inches) in height and 60mm in width when open, these hinges are a versatile choice for a wide range of applications, including **interior doors, cabinet doors**, and

furniture restoration. This standard size ensures compatibility with most existing hinge cut-outs.

- **Smooth & Silent Operation:** Precision-engineered knuckles ensure a **smooth, fluid, and silent swing** of your door. Say goodbye to creaking or sticking hinges and enjoy effortless functionality.
- **Superior Load-Bearing Capacity:** The inherent strength of solid drawn brass, combined with precise manufacturing, provides exceptional **load-bearing capabilities**, making these hinges suitable for even heavier doors.
- **Easy Installation:** Designed for straightforward fitting, these **durable brass hinges** are ideal for both new installations and as **replacement hinges** for existing joinery. (Fixings not included, allowing you to choose the most suitable screws for your specific application).
- **Timeless Design:** The classic butt hinge design complements a vast array of architectural styles, from **period properties** and **Victorian homes** to contemporary settings seeking a touch of classic elegance.
- **Long-Lasting Investment:** Invest in quality that endures. These **architectural hardware** hinges are built to last a lifetime, reducing the need for frequent replacements and offering excellent value.

Unparalleled quality and enduring beauty of our Premium Solid Drawn Brass Butt Hinges. Order yours today and experience the difference.
