

Push Knob Latch – Square – Satin Nickel

Variant code: DPL-SQ-SN

Push Knob Latch is a modern **push-to-open cabinet latch** that combines a flush pull knob and secure locking mechanism in a single compact unit. Finished in an elegant **Satin Nickel**, it offers a clean, contemporary appearance while providing reliable door closure for cabinets, drawers and furniture in residential, commercial and marine environments.

Designed for simple one-touch operation, the knob sits flush with the door when closed to create a sleek, unobtrusive finish. Pressing the knob releases it for a comfortable grip to open the door, while pushing it back in securely latches the door closed. Manufactured from high-quality materials, the latch is built for everyday use, offering dependable performance and long-lasting durability.

The smooth **Satin Nickel finish** resists fingerprints and corrosion, helping maintain its attractive appearance over time. Its versatile design makes it suitable for a wide range of cabinetry and furniture applications where a minimalist, handle-free look is preferred.

Product Features

- **Square push knob and latch combination**
- Contemporary **Satin Nickel finish**
- Flush, low-profile knob design
- Push-to-close and push-to-release operation
- Secure internal latching mechanism
- Durable construction for long service life
- Fingerprint and corrosion-resistant finish
- Suitable for cabinets, drawers and furniture doors
- Clean, modern square styling

Product Benefits

- Provides secure closure to prevent accidental opening
- Creates a sleek, handle-free furniture appearance
- Simple push operation for convenient everyday use

- Satin Nickel finish maintains a smart, professional look
- Low-profile design reduces snagging
- Suitable for a wide variety of interior applications

Technical Characteristics

- **Product Type:** Push Knob Latch
- **Style:** Square
- **Finish:** Satin Nickel
- **Operation:** Push-to-Close / Push-to-Release
- **Construction:** High-Quality Metal and Engineering Components
- **Design:** Flush, Low-Profile
