# Push Knob Latch – Square – Satin Nickel

Variant code: DPL–SQ–SN

This **Push Knob Latch** in a modern **Square** design with a sleek **Satin Nickel** finish offers a secure and stylish solution for cabinets, drawers, and doors. Crafted for both functionality and aesthetics, this latch provides reliable closure and a subtle touch of elegance to your furniture.

Key Features & Benefits:

- **Secure Closure:** Engineered with a robust internal mechanism, this push knob latch ensures your cabinets and drawers stay firmly closed, preventing unwanted opening during movement or handling.
- **Modern Square Design:** The clean, geometric lines of the square knob offer a contemporary aesthetic that complements a wide range of interior styles, from minimalist to transitional.
- **Elegant Satin Nickel Finish:** The smooth, matte **satin nickel** finish not only provides a sophisticated look but is also resistant to fingerprints and corrosion, ensuring long-lasting beauty.
- **Convenient Push-to-Close, Push-to-Release Operation:** The intuitive push mechanism allows for effortless opening and closing. Simply push the knob to latch and push again to release, providing ease of use.
- **Durable Construction:** Made from high-quality materials, this latch is built to withstand daily use, offering reliable performance for years to come.
- **Versatile Application:** Ideal for use on kitchen cabinets, bathroom vanities, furniture drawers, cupboard doors, and more. This latch provides a secure and unobtrusive fastening solution throughout your home or office.
- **Subtle and Unobtrusive:** The low-profile design of the square knob ensures it doesn't protrude excessively, maintaining a clean and streamlined look on your furniture.

Upgrade your cabinetry with the sleek and reliable Square Push Knob Latch in Satin Nickel.

Experience the perfect blend of modern design, secure functionality, and lasting durability.
