

Rustic 100 Sliding Extra Door Fitting Kit – Stainless Steel

Variant code: R100SS

Rustic 100 Sliding Extra Door Fitting Kit – Stainless Steel

Introducing the Rustic 100 Sliding Extra Door Fitting Kit – Stainless Steel, the perfect solution for transforming your space with a touch of modern farmhouse charm. This premium sliding door hardware kit combines rugged durability with sleek, contemporary design, making it an ideal choice for both residential and commercial applications.

Unmatched Quality & Durability

Crafted from high-grade 304 stainless steel, this kit is built to last. The corrosion-resistant material ensures long-term performance, even in high-moisture environments. The solid steel hangers, with their ultra-smooth nylon wheels, provide a silent and effortless glide, allowing you to open and close your door with ease. The kit can support doors weighing up to 100 kg (220 lbs), offering robust support for a wide range of door types.

Seamless Installation & Versatility

Our comprehensive kit includes all the essential components for a quick and straightforward installation. The pre-drilled track and easy-to-follow instructions make it a perfect DIY project for homeowners and professionals alike. The versatile design is compatible with a variety of door materials, including wood, glass, and composite, giving you the freedom to create a truly unique look.

The Rustic 100 Sliding Extra Door Fitting Kit is more than just a functional hardware set; it's a design statement. The striking stainless steel finish adds a modern industrial edge to any room, perfectly complementing both rustic and contemporary aesthetics. Whether you're installing a barn door in your living room, a space-saving solution for your pantry, or a stylish partition for your office, this kit will instantly enhance your interior design.
