

Salice Exedra Gravity – Pocket Hinge & Slide System Soft Close – Door Height 1100–1599mm – Nickel – Right Hand

Variant code: EGV1115.RH.NI.PULL

The **Salice Exedra Gravity Pocket Hinge & Slide System** is a premium concealed pocket door solution engineered to deliver exceptionally smooth movement, soft-close performance and outstanding space optimisation. Designed for **left-hand applications** with door heights between **1100mm and 1599mm**, this innovative system allows cabinet doors to slide effortlessly into a concealed side pocket, creating a clean, open-fronted cabinet without obstructing the surrounding space.

Utilising Salice's advanced **Gravity-assisted mechanism**, the system provides fluid, controlled door movement with minimal operating effort. The integrated **soft-close mechanism** ensures every closing action is gentle and silent, reducing wear on both the furniture and hardware while enhancing everyday user comfort. Finished in a durable **Nickel** coating, the mechanism blends seamlessly into premium cabinetry while providing long-lasting reliability.

Ideal for contemporary kitchens, wardrobes, home offices, entertainment units and bespoke furniture, the Salice Exedra Gravity system combines intelligent engineering with elegant concealed design to maximise usable space and create beautifully minimalist interiors.

Product Features

- Genuine Salice Exedra Gravity Pocket Hinge & Slide System
- Designed for left-hand door applications
- Suitable for door heights from 1100mm to 1599mm
- Advanced gravity-assisted sliding mechanism
- Integrated soft-close operation
