

## Salice Exedra Gravity – Pocket Hinge & Slide System Soft Close Door height Range – 1100–1599 Left Hand – Nickel

Variant code: EGV1115.LH.NI.PULL

### Salice Exedra Gravity – Pocket Hinge & Slide System Soft Close (Left Hand, Nickel) – Door Height 1100–1599mm

Experience unparalleled smooth operation and intelligent space-saving design with the Salice Exedra Gravity Pocket Hinge & Slide System. This innovative, high-performance solution, specifically designed for left-hand applications and door heights ranging from 1100mm to 1599mm, brings sophistication and functionality to any cabinetry.

#### Revolutionary Gravity Technology for Effortless Movement:

The Exedra Gravity system redefines how cabinet doors operate. Its advanced **gravity-assisted mechanism** ensures incredibly **smooth, fluid, and silent movement** as your door effortlessly glides into its pocket. Say goodbye to jarring motions and hello to seamless integration, enhancing the user experience in kitchens, living rooms, home offices, and commercial spaces.

#### Optimised for Space and Aesthetics:

Perfect for contemporary living and **minimalist design**, the Exedra Gravity allows doors to completely disappear into the cabinet side. This **pocket door hardware** is ideal for **concealed storage, hidden workspaces**, and maximising usable floor space in compact areas. The **sleek nickel finish** provides a modern, discreet aesthetic that complements a wide range of interior styles.

#### Integrated Soft-Close for Premium Performance:

Equipped with an **integrated soft-close mechanism**, this system ensures that your doors close gently and silently every time. This not only adds a touch of **luxury** but also **protects your cabinetry** from wear and tear, extending its lifespan. Enjoy a peaceful environment free from

slamming doors.

#### **Key Features & Benefits:**

- **Left-Hand Application:** Precisely engineered for left-opening doors, ensuring optimal functionality and a perfect fit.
- **Optimal Door Height Range (1100–1599mm):** Designed to perfectly accommodate a wide variety of standard and custom door sizes within this specific range.
- **Premium Nickel Finish:** Durable and aesthetically pleasing, offering long-lasting performance and a contemporary look.
- **Space-Saving Pocket Door Design:** Maximises usable space by allowing doors to recess fully into the cabinet.
- **Gravity-Assisted Mechanism:** Ensures exceptionally smooth, effortless, and consistent door movement.
- **Integrated Soft-Close:** Provides quiet, gentle closing, enhancing user comfort and cabinet longevity.
- **Robust & Durable Construction:** Manufactured by Salice, a leader in high-quality hardware, guaranteeing reliability and a long service life.
- **Easy Installation:** Designed for straightforward fitting, making it suitable for both professional cabinet makers and experienced DIY enthusiasts.
- **Versatile Applications:** Ideal for kitchen pantries, entertainment units, home office workstations, wardrobes, utility cabinets, and commercial fixtures.

**Transform your cabinetry with the Salice Exedra Gravity Pocket Hinge & Slide System. Experience the perfect blend of cutting-edge technology, elegant design, and superior functionality. Elevate your space with intelligent, hidden solutions.**
