

Salice Exedra Gravity – Pocket Hinge & Slide System Door height Range – 1100–1599 – Right Hand – Nickel Soft Close

Variant code: EGV1115.RH.NI.PULL

Salice Exedra Gravity – Pocket Hinge & Slide System: Seamless Right-Hand Door Integration (1100–1599mm) – Nickel Soft Close

Transform your living or working space with the innovative Salice Exedra Gravity pocket door system, engineered for superior functionality and sophisticated design. This specific Right-Hand configuration, designed for door heights ranging from 1100mm to 1599mm, offers a truly elegant solution for concealing doors within cabinetry or wall units, maximizing your usable space and enhancing aesthetic appeal.

The Exedra Gravity system utilises a **patented, gravity-assisted mechanism** that ensures exceptionally **smooth, effortless, and consistent door movement**. Say goodbye to cumbersome bi-fold or swinging doors that infringe on valuable floor space. With Exedra Gravity, your door glides silently and seamlessly into a discreet pocket, vanishing completely to create a clean, minimalist look.

Key Features & Benefits:

- **Space-Saving Design:** Ideal for **compact living areas, modern kitchens, home offices, and custom furniture**, the pocket door functionality frees up significant floor space compared to traditional hinged doors.
- **Gravity-Assisted Smooth Operation:** Experience **unparalleled ease of use** with the ingenious gravity mechanism, ensuring a **light and fluid motion** for doors up to 30kg.
- **Premium Nickel Soft-Close Mechanism:** The integrated **Nickel Soft C soft-close system** provides a gentle and quiet

closing action, preventing slamming and ensuring **enhanced durability** and a premium user experience. This feature is crucial for maintaining a peaceful environment.

- **Right-Hand Configuration:** Specifically designed for **right-hand opening doors** within the specified height range (1100mm – 1599mm), ensuring a perfect fit and optimal performance for your specific project.
- **Robust & Durable Construction:** Manufactured with **high-quality materials** and Salice's renowned engineering, the Exedra Gravity system is built for **long-lasting reliability and performance**, making it a **smart investment** for any project.
- **Easy Installation (Professional Recommended):** While intricate, the system is designed for efficient installation by experienced professionals, ensuring precise alignment and optimal function.
- **Enhanced Aesthetics:** Achieve a **sleek, minimalist, and contemporary look** by concealing doors, perfect for **modern interiors** and creating a clean visual line.
- **Versatile Applications:** Perfect for **kitchen pantries, wardrobe doors, entertainment units, office partitions, and custom cabinetry**, offering **flexible design solutions**.

Invest in the Salice Exedra Gravity pocket hinge and slide system for a premium, space-saving, and highly functional door solution that elevates the design and practicality of your space. Experience the difference of precision engineering and sophisticated aesthetics.
