

Salice Exedra Gravity – Pocket Hinge & Slide System – Push-to-Open – Door Height 1600–3000mm – Nickel – Right Hand

Variant code: EGV1630.RH.NI.PUSH

The **Salice Exedra Gravity Pocket Hinge & Slide System** with **Push-to-Open** is a premium concealed pocket door solution designed for modern furniture where clean aesthetics and effortless functionality are essential. Engineered for **right-hand applications** with door heights from **1600mm to 3000mm**, the system enables tall cabinet doors to glide smoothly into a concealed side pocket, creating a sleek, uninterrupted furniture front while maximising accessible space.

Featuring Salice's innovative **gravity-assisted mechanism**, the Exedra Gravity system delivers exceptionally smooth, controlled and quiet door movement. The integrated **Push-to-Open** mechanism allows handleless operation with a simple press on the door front, making it ideal for contemporary minimalist furniture. Finished in a durable **Nickel** coating, the mechanism offers outstanding reliability while complementing premium cabinetry.

Designed to accommodate full-height cabinet doors, wardrobes and architectural joinery, the Salice Exedra Gravity system combines precision engineering with intelligent concealed design to provide exceptional performance for both residential and commercial furniture applications.

Product Features

- Genuine Salice Exedra Gravity Pocket Hinge & Slide System
- Integrated Push-to-Open mechanism for handleless furniture
- Designed for right-hand door applications
- Suitable for door heights from 1600mm to 3000mm
- Advanced gravity-assisted sliding mechanism
