

Salice Exedra Gravity – Pocket Hinge & Slide System Door height Range 1100–1599 – Push-to-Open – Nickel – Right Hand

Variant code: EGV1115.RH.NI.PUSH

The **Salice Exedra Gravity Pocket Hinge & Slide System** with **Push-to-Open** is a premium concealed pocket door solution designed to create elegant, handleless cabinetry with exceptional functionality. Engineered for **right-hand applications** and compatible with door heights from **1100mm to 1599mm**, the system enables doors to slide smoothly into a concealed cabinet pocket, providing full access to the cabinet while maintaining a clean, minimalist appearance.

Utilising Salice's advanced **gravity-assisted mechanism**, the Exedra Gravity system delivers smooth, controlled and virtually silent door movement for an outstanding user experience. The integrated **Push-to-Open** feature eliminates the need for handles, allowing the door to open with a gentle press while preserving the sleek lines of contemporary furniture. Finished in a durable **Nickel** coating, the mechanism combines refined aesthetics with long-lasting reliability.

Perfect for kitchens, wardrobes, media units, home offices and bespoke cabinetry, the Salice Exedra Gravity system offers intelligent concealed door technology that maximises usable space while enhancing the overall appearance of premium residential and commercial furniture.

Product Features
