

Salice Exedra Gravity – Pocket Hinge & Slide System – 1600–3000 – Soft Close – Nickel – Left Hand

Variant code: EGV1630.LH.NI.PULL

The **Salice Exedra Gravity Pocket Hinge & Slide System** with **Soft Close** is a premium concealed pocket door solution designed to maximise space while delivering smooth, refined operation for contemporary furniture. Engineered for **left-hand applications** with door heights between **1600mm and 3000mm**, the system allows tall cabinet doors to slide effortlessly into a concealed side pocket, creating a clean, uninterrupted cabinet front and improving accessibility.

Featuring Salice's advanced **Gravity-assisted mechanism**, the system provides exceptionally smooth, balanced and quiet door movement with minimal operating effort. The integrated **soft-close mechanism** ensures every closing action is gentle and controlled, preventing slamming while helping to reduce wear on both the cabinetry and hardware. Finished in a durable **Nickel** coating, the Exedra Gravity mechanism offers long-lasting performance with a discreet, premium appearance.

Designed for premium residential and commercial furniture, the Salice Exedra Gravity system is ideal for full-height cabinetry, wardrobes, kitchen storage and bespoke joinery where concealed door operation and elegant minimalist styling are essential.

Product Features

- Genuine Salice Exedra Gravity Pocket Hinge & Slide System
- Designed for left-hand door applications
- Suitable for door heights from 1600mm to 3000mm
- Advanced gravity-assisted operating mechanism
- Integrated soft-close technology
