

## Salice Exedra Gravity – Pocket Hinge & Slide System – 1600–3000 – Left Hand – Nickel Soft Close

Variant code: EGV1630.LH.NI.PULL

### Experience Unrivalled Design & Functionality

Transform your cabinetry and furniture with the revolutionary **Salice Exedra Gravity Pocket Hinge & Slide System**. This premium, left-hand configured solution, finished in elegant nickel with integrated soft-close, offers a seamless and sophisticated way to conceal doors within your casework. Engineered for doors ranging from **1600mm to 3000mm in height**, the Exedra Gravity redefines space utilisation and aesthetic appeal.

### Effortless Movement, Superior Performance:

At the heart of the Exedra Gravity system lies its innovative "gravity" mechanism, ensuring **exceptionally smooth and balanced door movement**. Unlike traditional pocket door systems, the Exedra Gravity requires minimal force to operate, gliding effortlessly into and out of its concealed position. This advanced engineering guarantees a **reliable and durable performance** for years to come, making it ideal for high-traffic areas and frequently accessed compartments.

### Key Features & Benefits:

- **Left-Hand Configuration:** Specifically designed for left-opening doors, ensuring a perfect fit and optimal functionality for your custom projects.
- **Nickel Finish:** A sleek and modern nickel finish not only enhances the aesthetic appeal of your furniture but also provides **excellent corrosion resistance and durability**.
- **Integrated Soft-Close Mechanism:** Experience the ultimate in quiet luxury. The built-in soft-close technology gently and silently brings the door to a close, preventing slamming and extending the life of your cabinetry.

**Accommodates Doors 1600mm –**

**3000mm:** Versatility is key. This system is engineered to handle a wide range of door heights, making it suitable for a diverse array of applications, from tall pantry units to elegant wardrobe doors.

- **Space-Saving Design:** Pocket door systems are the epitome of clever space utilisation. When open, the door completely disappears into the cabinet, freeing up valuable floor space and creating a clean, uncluttered look.
- **Enhanced Aesthetics:** Achieve a minimalist and contemporary design with hidden doors. The Exedra Gravity system allows for sleek, handle-less designs, creating a truly sophisticated aesthetic.

**Robust Construction:** Crafted from high-quality materials, the Salice Exedra Gravity system is built to withstand rigorous daily use, ensuring long-term reliability and peace of mind.

- **Easy Integration:** Designed for straightforward installation (professional installation recommended for optimal performance), making it a preferred choice for cabinet makers, joiners, and furniture manufacturers.

**Ideal Applications:**

- **Kitchen Pantries & Storage:** Maximise space and create a streamlined kitchen.
- **Wardrobes & Closets:** Conceal clothing and storage for a tidy bedroom.
- **Home Offices & Studies:** Hide away workspaces for a more organised environment.
- **Entertainment Units:** Seamlessly integrate televisions and media equipment.

**Commercial & Retail Displays:** Create impactful and flexible merchandising solutions.

**Invest in the Salice Exedra Gravity and Elevate**

**Your Design!**

Discover the difference that premium hardware can make. The Salice Exedra Gravity Pocket Hinge & Slide System offers an unparalleled combination of innovative design, smooth functionality, and enduring quality. Enhance your projects with this sophisticated solution, delivering both aesthetic beauty and practical convenience.
