

Salice Wind Lift System – Power Rating W – Soft Close Set

Variant code: FRAKFEXWSN9

Salice Wind Lift System – Power Rating W – Soft Close Set: Effortless Elegance for Modern Cabinetry

Improve your kitchen or living space with the revolutionary Salice Wind Lift System, now available with Power Rating W and a luxurious soft-close mechanism. This innovative hardware solution redefines how you interact with wall cabinets, offering unparalleled ease of use, sophisticated aesthetics, and enduring reliability. Designed for contemporary interiors, the Salice Wind Lift System provides smooth, controlled upward opening of cabinet doors, maximising accessibility and enhancing the overall functionality of your furniture.

Key Features & Benefits:

- **Effortless Upward Opening:** Experience a new level of convenience. The Salice Wind Lift System allows cabinet doors to glide smoothly upwards and stay open in any desired position, providing unrestricted access to cabinet contents. Perfect for busy kitchens, living rooms, and offices.
- **Integrated Soft-Close Technology:** Say goodbye to noisy slams! The included soft-close set ensures that your cabinet doors descend gently and silently, protecting your furniture from wear and tear while adding a touch of premium luxury to your daily routine.
- **Optimised Power Rating W:** This specific model is engineered with a **Power Rating W**, making it suitable for a wide range of door sizes and weights. This ensures optimal lifting performance and stability, providing a reliable and consistent user experience. (Further details on suitable door dimensions/weights for Power Rating W can be found in the technical specifications).
- **Sleek & Discreet Design:** The Salice Wind Lift System is remarkably compact and discreet, integrating seamlessly into your

cabinet design. Its minimalist profile ensures that the focus remains on your beautiful cabinetry, not the hardware.

- **Durable & Reliable Construction:** Manufactured with Salice's renowned commitment to quality, this lift system is built to last. High-grade materials and precision engineering guarantee years of smooth, trouble-free operation, even with frequent use.
- **Easy Installation:** Designed for both professional installers and experienced DIY enthusiasts, the Salice Wind Lift System offers straightforward installation with clear instructions. (Please refer to the technical manual for detailed installation steps).
- **Versatile Applications:** Ideal for kitchen wall units, living room display cabinets, office storage, and even bedroom furniture. The Salice Wind Lift System enhances accessibility and aesthetic appeal in any space where upward-opening doors are desired.
- **Enhanced Safety:** The controlled movement and soft-close feature contribute to a safer environment by preventing sudden door drops and pinched fingers.

Transform your cabinets into a statement of modern design and effortless functionality with the Salice Wind Lift System – Power Rating W – Soft Close Set. Order yours today and experience the difference!
