Tectus KCH1700 - Handle for Glass Door - Set of 2 - Matt Black

Variant code: KCH1700.SW107

The **TECTUS Glass & Timber Door Handle Set** provides a clean, minimalist operating solution for contemporary **glass and timber doors**. Supplied as a **set of two handles** and finished in **RAL 9005 Matt Black**, the handles combine understated architectural styling with a practical self-adhesive installation method.

Each handle measures **200mm long, 26mm wide and 40mm deep** and is designed for installation **without drilling the door leaf**. A **self-adhesive fixing system** is used, with adhesive tape for permanent fixing applied at the factory, helping provide a neat installation particularly suited to glass door applications.

The handle set is particularly suitable for use on **glass doors in combination with compatible concealed glass hinges** and can also be combined with compatible **magnetic closing components** within the same door system. Its slim proportions and **Matt Black finish** make it well suited to contemporary residential and architectural interiors where clean lines and discreet door hardware are required.

Product Features

- Contemporary handle set for **glass and timber doors**
- Supplied as a **set of 2 handles**
- Official **RAL 9005 Matt Black** finish
- Overall length of **200mm**
- Overall width of **26mm**
