

Square Sliding Door Edge Pull – Dark Bronze PVD

Variant code: AW990-GRP

Square Sliding Door Edge Pull – Dark Bronze PVD | Contemporary Flush Handle for Sliding Doors

Are you looking to add a touch of sophistication and seamless functionality to your sliding doors? Our **Square Sliding Door Edge Pull in a stunning Dark Bronze PVD finish** is the perfect solution. Designed for both professional tradespeople and enthusiastic DIYers, this flush handle provides a sleek, modern, and practical way to operate your sliding doors, making it an essential piece of hardware for any contemporary project.

For the Professionals: Joiners, Carpenters, and Builders

We understand the demands of your profession. You need hardware that is not only aesthetically pleasing but also reliable, durable, and easy to install. This edge pull is crafted with precision to meet your high standards:

- **Seamless Integration:** The flush-mount design allows for a clean, uninterrupted look, crucial for high-end bespoke joinery and cabinetry. It sits perfectly within the door's edge, ensuring a professional finish every time.
- **Superior Durability:** The **PVD (Physical Vapour Deposition) finish** is a game-changer. Unlike standard coatings, PVD creates an incredibly hard, corrosion-resistant, and scratch-proof surface. This means the dark bronze colour will not fade, tarnish, or chip, even with constant use, ensuring your work stands the test of time.
- **Easy Installation:** Designed for a straightforward fit, this edge pull can be quickly and securely installed, saving you valuable time on the job. The included fixings ensure a solid, long-lasting hold.
- **Versatile Application:** Ideal for a wide range of sliding door projects, including

pocket doors, wardrobe doors, cabinet doors, and even commercial applications. Its minimalist design complements various interior styles, from industrial chic to modern minimalist.

For the DIYer: Achieve a Professional Finish at Home

Tackle your home improvement projects with confidence. Our Square Sliding Door Edge Pull is designed to be accessible for productive DIYers who want professional results.

- **Stylish Upgrade:** Transform the look of your sliding wardrobe or pantry door with this sleek, contemporary handle. The dark bronze finish adds a touch of luxurious warmth that instantly elevates any room.
- **Ergonomic and Practical:** The square design provides a comfortable and secure grip for pulling the door open and closed. No more fumbling with awkward handles—this design is intuitive and efficient.
- **Built to Last:** You can be confident that your new handle will withstand the rigours of daily life. The PVD coating ensures it remains looking brand new for years to come, making it a smart, long-term investment for your home.
- **Simple Instructions:** While professional installation is recommended for the perfect fit, an experienced DIYer can follow the easy-to-understand instructions to achieve a flawless finish.
