

## Stainless Steel Concealed 3D Adjustable Hinge – 160 x 29.5mm – Satin

Variant code: HGS3D-S160SH

**Stainless Steel Concealed 3D Adjustable Hinge** is a premium concealed hinge designed to provide precise door alignment, smooth operation and a clean, modern appearance. Measuring **160 x 29.5mm** and finished in **Satin Stainless Steel**, it is suitable for **residential doors, fire doors and commercial facility doors** where durability, adjustability and concealed aesthetics are essential.

Manufactured from **304 stainless steel**, the hinge offers excellent corrosion resistance, making it suitable for both interior and demanding environments. Its integrated **3-way adjustment system** enables precise **vertical, horizontal and depth** alignment after installation, allowing doors to be accurately positioned for optimal performance and consistent gaps.

The hinge can be **split into separate door and frame sections**, simplifying installation and making door fitting or removal quicker and more convenient. Once installed, the concealed design remains hidden when the door is closed, creating a seamless architectural finish while maintaining robust support and long-term reliability.

---

### Product Features

- Concealed 3D adjustable hinge
- Manufactured from **304 stainless steel**
- Satin Stainless Steel finish
- **160 x 29.5mm** hinge size
- Three-way adjustment:
  - Vertical
  - Horizontal
  - Depth
- Concealed installation for a clean appearance
- Hinge separates into door and frame sections
- Excellent corrosion resistance
- Suitable for residential, fire and facility doors

---

### Product Benefits

- Allows precise door alignment after installation
- Concealed design enhances modern architectural aesthetics
- Corrosion-resistant stainless steel ensures long service life
- Simplifies installation and future door removal
- Maintains consistent door clearances
- Suitable for demanding residential and commercial applications

---

## Technical Characteristics

- **Product Type:** Concealed 3D Adjustable Hinge
- **Brand:** Sugatsune
- **Material:** 304 Stainless Steel
- **Finish:** Satin Stainless Steel
- **Dimensions:** 160 x 29.5mm
- **Adjustment:** Vertical, Horizontal and Depth
- **Construction:** Split Door and Frame Sections
- **Installation:** Concealed Mortise Mount
- **Application:** Residential Doors, Fire Doors and Facility Doors

---

## Applications

**Stainless Steel Concealed 3D Adjustable Hinge** is ideal for **residential properties, commercial buildings, offices, hotels, hospitals, schools and public facilities** requiring concealed, adjustable door hardware. Suitable for **timber fire doors, residential entrance doors and facility doors**, it provides precise adjustment, excellent corrosion resistance and a discreet, high-quality finish for modern architectural installations.

Property	Value
Finish	Plain
Width (mm)	75.3
