Variant code: TE540.3D.A8.EGY.SW175

Unlock Seamless Design and Robust Performance with the TECTUS ENERGY 3D A8 Adjustable Concealed Hinge in Elegant Light Bronze

Elevate your door design with the sophisticated and high-performing **TECTUS ENERGY 3D A8 Adjustable Concealed Hinge**. This premium **concealed hinge** offers a completely **invisible hinge** solution, allowing for clean lines and a seamless aesthetic in modern and contemporary interiors. Crafted with precision engineering, this **heavy-duty hinge** is designed to support doors weighing up to **120kg**, ensuring reliable and long-lasting operation.

The **200 x 32mm** dimensions of this **robust door hinge** provide exceptional stability and load-bearing capacity. The elegant **light bronze finish** adds a touch of understated luxury and complements a wide range of door and frame materials.

Key Features and Benefits:

- **Completely Concealed Hinge:** Achieve a flawless, uninterrupted door design with this truly **invisible door hinge**.
- **3D Adjustability:** Enjoy effortless and precise adjustment in three dimensions (height, side, and depth) for perfect door alignment and smooth operation. This **adjustable door hinge** simplifies installation and ensures optimal functionality.
- **Heavy Duty Performance:** Engineered to support doors up to **120 kg**, making it ideal for substantial and solid core doors. This **strong door hinge** guarantees durability and reliability.
- **Premium Quality:** Manufactured with high-grade materials for exceptional strength and longevity. Invest in a **durable door hinge** that will stand the test of time.
- **Elegant Light Bronze Finish:** Adds a

touch of sophistication and seamlessly integrates with various design styles. This **stylish door hinge** enhances the overall aesthetic of your space.

- **200 x 32mm Size:** Provides a substantial and stable mounting platform for secure door hanging.
- **Smooth and Silent Operation:** Experience quiet and effortless door movement thanks to the precision engineering of this **silent door hinge**.
- **Versatile Application:** Suitable for a variety of interior door types in residential, commercial, and architectural projects.
- **Easy Installation:** While concealed, the intelligent design allows for relatively straightforward installation with proper preparation.
- **Long-Lasting Reliability:** Built to withstand frequent use, ensuring years of dependable performance.

Ideal for:

- **Modern Interior Doors**
- **Contemporary Door Designs**
- **Heavy and Solid Core Doors**
- **Architectural Projects**
- **High-End Residential Properties**
- **Commercial Buildings**
- Projects requiring a **flush door finish**

Upgrade your door hardware with the **TECTUS ENERGY 3D A8 Adjustable Concealed Hinge** in light bronze and experience the perfect blend of sophisticated aesthetics, robust performance, and lasting quality. Choose this **top-quality concealed hinge** for a truly exceptional door solution.
