

Unwashed Brass Butt hinge – 100mm x 75mm, 20kg – Imitation Bronze

Variant code: 1050.IBMA

This **Unwashed Brass Butt Hinge** in a size of **100mm x 75mm** with a **20kg load rating** and a beautiful **Imitation Bronze finish** offers a blend of traditional aesthetics and reliable functionality. Crafted from solid brass, this hinge exudes quality and durability, making it an ideal choice for a variety of door and cabinet applications.

The **unwashed design** provides a classic, clean look, where the knuckle pin directly connects the leaves. This style is often favored for its simplicity and traditional appeal. The substantial dimensions of **100mm (height) x 75mm (width when open)** ensure robust support for medium-weight doors and panels, capable of handling loads up to **20kg per hinge**.

The **Imitation Bronze finish** provides the rich, warm tones of genuine bronze without the associated cost. This attractive finish adds a touch of elegance and sophistication to any project, complementing both traditional and contemporary design schemes. The finish is also durable, resisting tarnish and wear, ensuring the hinges maintain their attractive appearance over time.

Key Features:

- **Solid Brass Construction:** Ensures strength, durability, and resistance to corrosion.
- **Unwashed Design:** Offers a traditional and clean aesthetic.
- **Generous Dimensions (100mm x 75mm):** Provides ample support for various applications.
- **20kg Load Rating:** Suitable for medium-weight doors and panels.
- **Attractive Imitation Bronze Finish:** Adds a touch of classic elegance and resists tarnish.
- **Versatile Application:** Ideal for interior doors, cabinet doors, and other joinery projects.
- **Easy Installation:** Designed for straightforward fitting.
